

Q6: How frequently do you use the following public facilities and parks in Berthoud?

Respondent ID	s_area	Response
621	Zone 4	Berthoud Dog Park
49	Zone 2	Berthoud Reservoir
867	Zone 3	Fickel Park
875	Zone 3	Fickel Park
758	Zone 4	Fickel Park, Dog Park
638	Zone 4	Fickle
23	Zone 2	Fickle Park
838	Zone 4	Hillsdale
861	Zone 4	Hillsdale
653	Zone 4	Hillsdale Park
785	Zone 4	Hillsdale Park
63	Zone 4	Hillsdale Park/Natural Area
685	Zone 1	I have no way to safely travel to any parks outside of my subdivision due to Berthoud having ZERO trails or sidewalks connecting areas
594	Zone 2	Lake by Berthoud Lale ranchettes
629	Zone 4	N/A
625	Zone 4	NA
636	Zone 1	Parks outside berthoud
756	Zone 4	Rec Center Skate Park
61		Robert's lake
850	Zone 2	Roberts Lake
6	Zone 1	Waggener Skatepark
665	Zone 4	We frequent Hillsdale park, near daily

Q8: Which of the following amenities does your household use when visiting the Town of Berthoud Parks and Recreation facilities?

Respondent ID	s_area	Response
629	Zone 4	Church congregation sometimes uses pavilions
701	Zone 4	dog park
621	Zone 4	Dog Park!
860	Zone 2	Dog parks
668	Zone 4	Dog walking
875	Zone 3	Events
756	Zone 4	Fishing
855	Zone 2	Fishing
734	Zone 4	Haven't visited
685	Zone 1	I have no way to safely travel to any parks outside of my subdivision due to Berthoud having ZERO trails or sidewalks connecting areas
813	Zone 1	Love the water areas like berthoud reservoir
641	Zone 4	None
711	Zone 2	None
881	Zone 1	None
894	Zone 2	Parks and trails
594	Zone 2	Pickleball bike trails
665	Zone 4	Restrooms
919	Zone 4	Shade Trees
724	Zone 2	Silver Sneaker Classes
52	Outside the Town of Berthoud limits	Yoga Classes

Q10: In a few words, please explain why each amenity is most important to your household and what features are most important to you.

Respondent ID	s_area	Response
854	Zone 1	#1 choice - grandchildren #2 outdoor time #3 exercise and stress relief
775	Zone 4	1) we play a lot of pickleball, 2) really would like a fully safe bikepath in town
869	Zone 4	A pool is a good family event. Wish we still had an OUTDOOR pool! Kids love the parks and playgrounds.
14	Zone 3	A real pool
47	Zone 3	Accessibility
857	Zone 2	Active family who enjoys sports and leisure walks on trails
683	Zone 4	Adult activities, we don't have kids at home
886	Zone 3	Adult exercise inside Rec and kids in youth sports
674	Zone 4	All three choices allow a variety of workouts and fitness options.
731	Zone 4	Anything outdoors makes us happy
897	Zone 1	As a single/divorced, empty-nester,, I mainly use tennis courts and local hiking trails, but will likely join the community center gym
558	Zone 3	As a young family we are concerned with the lack of athletic ball fields with how quickly the town is growing.
709	Zone 2	As we are planning to have kids, we would love to see a leisure pool area since I don't think there is one yet in Berthoud.
817	Zone 4	At least one of us are using workout facilities everyday
814	Zone 4	Availability- seems very crowded in the pool
610	Zone 4	Because we enjoy the trails
855	Zone 2	Being a working family, exercise at night is important and water aerobics are great for older people; fishing on weekends is relaxing
671	Zone 1	Being able to walk in beautiful, well maintained areas is really important for me and helps make sure I get out for my silly little mental health walks. I also love being able to go to the water walking time on Saturdays with my friend, at the Rec Center. Pickle ball helps me get moving while having fun!
676	Zone 4	Being out in nature, walking the trails
896	Zone 4	Being outdoors and children activities
801	Zone 4	Being outside and having open space to enjoy
34	Outside the Town of Berthoud limits	Berthoud has trails?? I wish it did! Baseball fields: we have three boys in baseball. Town field right on the road with no bathrooms is awful for little kids. We only go to waggener farm playground, the rest are boring.
573	Zone 2	Berthoud still has a small town feel with more open space and trails it would remain that way.
590	Zone 2	Berthoud was a beautiful country town, don't let it become a city.
898	Zone 4	Bicycle trails are the first selection. We don't patronize indoor facilities as the ToB mismanaged the pandemic.
647	Zone 4	Big sports family
853		Bike and walking trails
697	Zone 1	Bike park only one around, keeping it small and natural
576	Zone 3	Bike parks keep the kids busy, the trails keep me busy. The pavilions, give us a place to meet and have family time
603	Zone 3	Bike trails are most important.
721	Zone 4	Bike trails for distance riding, we travel to Loveland weekly to ride the Loveland Loop. Would love to see the connection from Berthoud to Loveland!
909	Zone 4	Child care is a life saver for us. We love the rec center for its wonderful amenities and help with the kids!
555	Zone 2	Currently only swimming lessons and gym work are being done. as time goes by, more pools and rec space will be important as clubs and sports start.
629	Zone 4	Daily walks in the natural area, kids enjoy the playground and parks. We do not own skateboards and have never used the skate park

48	Zone 4	Decline
868	Zone 3	Each one is most important because we walk our dog a lot.
805	Zone 1	enjoy access to outdoor areas
811	Zone 1	Enjoy hiking opportunities. Enjoy opportunities for my children to play.
684	Zone 4	Enjoy outdoor areas that are not kid/family centric.
618	Zone 2	Enjoy with children and grandchildren
705	Zone 4	Enjoying the outdoors is the most important to us, so our choices highlight the ability to enjoy fresh air, sunshine and the great outdoors
820	Zone 3	exercise, mental health, interactivity with others
759	Zone 1	Exercis opportunities
675	Zone 1	Exercise
764	Zone 3	Exercise and being outdoors
761	Zone 4	Exercise at the pool
704	Zone 4	Family use. Don't love that the gym is not able to be used for open gym as much with sports and classes and fairs. We need another space for fairs! Especially for parking issues!
21	Zone 2	Fitness classes, It's fun to workout with others
552	Not shown on map	Foster family and community
903	Zone 2	Free childcare with membership has been a HUGE blessing for our family. I am able to work out (guilt free bc I'm not paying for 4 kids to go to child care). I love swimming in the lap pools but wish there were more because there is often waiting to use them. I also wish there was an outdoor pool in town.
596	Zone 4	Free to use, less crowded
828	Zone 4	Getting old, need low impact swimming
44	Zone 4	Getting out doors is easy, swimming is so fun and the park is great for keeping the grandchildren happy.
858	Zone 4	Getting outside in openspace is mental-health important. Having a leisure dat at the pool is fun for groups. Ballfields and multi-use are good for hanging out.
829	Zone 3	getting outside on trails from town
657	Zone 2	Grand Girls use these for their sports with the rec center
630	Zone 3	Grandchild
560	Zone 2	Grandchildren & Riding Bikes on Trails
692	Zone 4	Great place to take the kids and have fun
60	Zone 4	Have a small child, enjoy exercising
752	Zone 2	Have nearby water amenities beyond a pool would be great!
562	Zone 1	Having bike trails connect to each other; lots of dead ends where development stops (e.g., between Heron Lakes + Rec Center).
785	Zone 4	Having open space is highly important. We came to Berthoud for the openness. Please don't crowd it with development!
556	Zone 2	Honestly, I don't know how to choose - we use of these amenities regularly, and I know our priorities will change as our kids get older. Playground and childcare are important now, but athletic fields will be more important in a few years - it's all so great!
45	Zone 2	House with 2 kids who love play grounds and pools. Adults enjoy pickleball courts.
724	Zone 2	I am a senior adult and require the classes to keep fit in an age-appropriate way
554	Zone 4	I am an avid slackliner and outdoorsman and would love more open spaces
551	Zone 4	I am an avid walker and enjoy getting away from home to decompress daily. We are also big nature people and enjoy birding in the natural areas.
913	Zone 4	I am glad there are various workout facilities in town. I love trails to walk and bike on and the pavilions are great places for family and friends to gather (although I am sad there are no grills anymore)
678	Zone 2	I believe in keeping physically fit. The Berthoud Rec is a great addition to the town to provide fitness activitie for all ages.
578	Zone 2	I can't believe Berthoud destroyed the only outdoor pool the town had. I also can't believe they built such a small indoor pool! Seriously?!?

861	Zone 4	I Enjoy the trails and hope the system is connected and expanded so I can bike to the bike park and also bike safely to prairie star.
713	Zone 3	I have a 3 year old so the pool is a go- to winter activity and nice safe challenging playgrounds are a daily activity when it's nice. We also have a highly active dog and it's super nice to have dog friendly places to explore. My boyfriend skates so he loves visiting his childhood skate park(downtown) as well as the one at Wagner farm park.
778	Zone 4	I have a 4 and 6 year old so we visit the parks quite frequently and we also go on family walks on the trails. We have rented pavilions for birthday parties several times.
571	Zone 2	I have no way to safely travel to any parks outside of my subdivision due to Berthoud having ZERO trails or sidewalks connecting areas
685	Zone 1	I have no way to safely travel to any parks outside of my subdivision due to Berthoud having ZERO trails or sidewalks connecting areas
893	Zone 3	I have teenagers that play sports and work out.
750	Zone 4	I have young kids so amenities I can utilize with them are most valuable to my household
52	Outside the Town of Berthoud limits	I hike daily and value time in nature, so open space and trails are the most important to me. I also make use of the rec center gym and classes for fitness.
835	Zone 3	I just like a nice place to walk
773		I like to enjoy the pool and open space with my kids
791	Zone 4	I like to walk and the trails are nice
843	Zone 2	I love the fitness classes at Berthoud Rec Center. We have a grand child who needs parks and the pool.
784	Zone 2	I love to walk and run and really appreciate when trails connect one area of our beautiful community to another
706	Zone 1	I need to keep my kids entertained
812	Zone 4	I regularly use the Rec Center work out areas and it is important to me to have a clean place to go for this especially for days when it is hot or cold and I can not be outside. I visit town parks daily to walk the family dogs and for my grandchildren to play on the equipment. We could use some more nature trails and nature areas in Berthoud.
649	Zone 1	I take classes at the Rec Center at least 3 times/week. They are very important to my fitness program.
789	Zone 4	I think open spaces help keep the feel of Colorado without the feeling of a "city".
807	Zone 3	I think the nice parks in Berthoud really make this small town stand out. We have a 2.5 year old and playing outside and socializing at the playground are really important. He has a physical disability so it's important for us to have accessible and inclusive playgrounds
622	Zone 3	I use the weighs and swim laps each twice a week. I am at the rec center 4 times a week and I bike and walk the trails.
722	Zone 3	I use these areas every day of the year with my dogs
902	Zone 4	I walk for exercise, relaxation, and enjoyment of the environment. I also try to stay fit; utilizing the gym.
912	Zone 3	I work out every day at the Rec center and my wife runs on the trails thru the Waggoner Park field several times per week.
708	Zone 4	I'm a lap swimmer and have to leave Berthoud to swim at the Loveland rec center due to lack of lap swimming lanes in Berthoud. Trails and open space for daily walks with our dog.
863	Zone 1	I'm a mountain biker. The nearest mountain bike trails to berthoud are over 1/2hr away. The bike park lets me ride much more frequently than I previously could..
802	Zone 1	It is important to us to stay healthy and active year round, and rotate between exercising inside and outside, and have beautiful parks for families to play and keep the neighborhood clean, safe and green
849	Zone 4	It is what we use
719	Zone 3	It's what we use the most.
823		Just streets- walking and dog walking
572	Zone 4	Kid loves to play on the playground. Loves to swim and we love to workout.

638	Zone 4	Kid sports that are offered by the recreation dept and through other organizations require multiple quality facilities in order to have a successful experience.
46	Zone 2	Kids frequent skate park, would love outdoor pool again, trails and open space are enjoyed
696	Zone 4	Kids love it
663	Zone 2	Kids love the playground and skate park. Adults love the pickleball courts.
586	Zone 4	kids love the pool
860	Zone 2	Kids need areas to play outside, where dogs are welcome and parents can mingle.
782	Zone 1	kids play at park and like the open green space
11	Zone 2	Kids/family
606	Zone 1	Like to hike a bit and be outdoors some
549	Zone 1	Like to take my family to enjoy these areas.
650	Zone 3	Love being in natural settings
566	Zone 3	Love having beautiful places to walk and play with my dog
28	Zone 4	Love natural areas where can walk dogs
63	Zone 4	Love outdoors & nature
677	Zone 2	Love the ability to enjoy the outdoors and would be nice to have and outdoor community pool to do the same but cool off :)
733	Zone 1	Love the bike park, need more of it or other trail system. Have children that love the pool so that is very important. Then outdoor playgrounds and amenities for the kids too, and weight room for dad, its everything we want and need!
661	Zone 4	Love the new recreation facility and outdoor playgrounds, they are important to me because I no longer have to go outside of the town of Berthoud to find a recreation center for my family.
837	Zone 4	Love to walk in the park and play outside. Pool is great for the winter!
821	Zone 4	Love to walk on the trails & visit the parks. I would use the lap pool if I lived closer. I don't drive so that makes it difficult to get there.
50	Zone 4	love to walk the trails take grand vkids to playgrouds
557	Zone 3	Love to walk, play lots of volleyball, and love to lift weights
915	Zone 3	Love walking on beautiful trails for exercise and scenery.
877	Zone 2	Love working out, being outside and playing pickle ball
687	Zone 3	Mainly what my kids like to do
30	Zone 3	My daughter is a swimmer and I'm recovering from surgery
40	Zone 2	My husband and I lap swim to workout. The Berthoud Rec center pool is not big enough, and the hours are not long enough for adult lap swimming. Very disappointing.
592	Zone 2	My husband and I lift weights at the rec center 4x per week. We visit the playgrounds, particularly Waggener Farm Park, at least twice a week with our two kids. My husband plays basketball in the indoor gymnasium at the rec center at least once a week.
749	Zone 2	my kids are 6 and 3
15	Not shown on map	My kids like to swim. I like to workout while they are swimming. My kids like to play on the playground.
908	Zone 2	My kids love to swim, play on the playgrounds and play basketball on the courts
62	Zone 3	My kids need activities that don't involve screen time. More (bigger) pool options are needed
878	Zone 2	My son and I enjoy the skate park to ride scooters and play basketball. I'd love to go to the Rec Center, but too expensive.
748	Zone 4	My son participates in team league sports
703	Zone 1	My toddlers love playgrounds, fishing, exploring, and bike riding.
635	Zone 4	My whole family uses the gym for volleyball & basketball. We love to have more parks and open spaces with trails that keep the small town feel
582		My wife and I would both like to get gym memberships to work out, swim, and swim classes, walk, and a lazy river. Also, a place nearby for pickleball with family.
894	Zone 2	N/a
881	Zone 1	N/A

741	Zone 1	Natural Space is beautiful even when not being used, just driving by brings me joy. Trails help us to enjoy the natural spaces and spend time outdoors. Courts are fun places for friends to gather and be active while having fun together.
742	Zone 4	Nature and peacefulness
666	Zone 3	Nature, natural areas, outside walks
900	Zone 4	Need a quiet place to walk my dogs and play with my grandson.
832	Zone 4	Need an Olympic size training pool which can also accommodate lap swimming. Every park needs playground and picnic tables. The charm of Berthoud lies in its open space. Sadly they are rapidly being eliminated.
875	Zone 3	Need change- I was unaware of the locations of the many parks listed
740	Zone 1	Need lazy river for health reasons: would rather look at nature than houses
672	Zone 1	Need more swim lanes with fewer kids hours. Trails would have ranked higher, but they don't connect so we rarely use them.
681	Zone 1	Neighborhood pool is no good. Like walking and fishing.
834	Zone 1	Non are import.
746	Zone 1	None because im disabled and Berthoud makes no effort whatsoever to make their parks available to the wheelchair using disabled. Starting with having no public transportation for us to get around nor are there even sidewalks for us to use to go anywhere outside of our apartment complex. Most unfriendly town for the disabled that ive ever lived
26	Zone 3	None of these are important. Stop wasting money.
734	Zone 4	Not for me. For the kids in town
892	Zone 2	Only pickleball court in town. Only pool in town.
667	Zone 3	Open space and hiking, running with kids is life!
43	Zone 4	Open space and parks for enjoying outside and exercise, dog walking.....would love to see pool, lazy river with adult only areas and times.
653	Zone 4	Open space to give animals a spot to gather. Trails to ride bikes on. Bike Park for challenging fun.
879	Zone 2	Open spaces and parks for the kids to be outside and the gym for the adults
732	Zone 4	Opportunities to play and be outside
727	Zone 4	Our family love walking with our dog. Taking in nature and enjoying some lunch is great.
901	Zone 3	Our favorite activity is biking around town-- Please build more trails!!
584	Zone 3	Our household is athletic
614	Zone 4	Our kids play soccer and would like to see soccer better fostered in Berthoud
612	Zone 4	Our son loves the pool at the Rec Center. Playgrounds are a great way to get outside and we love hiking!
567	Zone 4	Outdoor activities are important with young kids, when it is too cold we use the indoor stuff
561	Zone 4	Outdoor activities. Love berthoud res but sad they closed the east part of the lake.
852	Zone 4	Outdoor activity spaces
735	Zone 3	Outdoor areas are important for Colorado residents
664	Zone 4	Outdoor parks. Recreation center
33	Zone 4	Outdoor pool for exercise and leisure
711	Zone 2	Outdoor pool would be wonder, just make it big enough not small like the old one and the rec center!!!!
803	Zone 1	Outdoor trails are one of my main activities
602		Parks are for families, trails are therapy for adults and kids, athletic fields are to build competition mind set.
601	Zone 2	Parks are important for enjoying outside areas. Pickleball is a family favorite. We like to swim
632	Zone 1	Physical health is part of health, and I have a toddler so I need somewhere safe to put him when I am alone to work out
797	Zone 1	pickle ball, basketball, fishing, walking, biking

4	Outside the Town of Berthoud limits	Pickleball courts
7	Zone 4	Pickleball courts are most important to me. I am retired and play on outdoor courts around 5 times a week.
831	Zone 2	Places that we can go and exist together as a family
686	Zone 2	Plan to get a bike and use the park, trails for getting put and walking. Pools are great to have that are easy to get to.
768	Zone 4	Play pickleball 3x/week year round
841	Zone 4	Play pickleball and do zumba
693		Play sports, enjoy outside, prefer to go to Carter lake for activities like paddleboarding and fishing.
648	Zone 4	Playground,walking area, open field, restrooms
585	Zone 2	Playgrounds for kids, fields for adult and kids sports, trails for family exercise
916	Zone 4	Playgrounds large enough to accomodate Berthoud's frowing population
842	Zone 4	Pool big enough for lap swimming and Swim teams to practice.
919	Zone 4	Preserve open areas before developing houses, outside exercise, kids summer entertainment!
655	Zone 4	Rec sports, especially baseball need better facilities (i.e. Thompson River baseball complex); swim lessons are very important
594	Zone 2	Regional bike trail connecting berthoud as well as connection to loveland and longmontlongmont !
911	Zone 2	Safe clean and accessible outdoor areas for waking the dog and unwinding with nature are important for mental and physical well being.
718	Zone 4	Safe trails for walking/running
38	Zone 3	Silver sneakers
840	Zone 4	Swim laps a couple of times a week, walk trails and use workout facility once a week
806	Zone 4	Swim lessons
61		Swimming pool and rec center playground as my daughter loves them. Robert's lake as I walk my dogs there most days.
769	Zone 4	Tennis courts, we play tennis a lot (we need more tennis courts); we visit parks often and walk trails
621	Zone 4	The Berthoud Dog Park is our highest! My very high energy dog needs lots of exercise and social interaction so we are at the Dog Park 5-6 times a week! Beyond that, we spend a lot time walking through the trails and open spaces
2		The kids like softball and baseball. Playgrounds are always needed for the kids.
608	Zone 2	The playground is most important since I have a child who loves to play. Next would be the parks for the same reason and the third choice the natural areas because it allows you to have a break from the city noises and everyday life.
588	Zone 4	The Rec Center is the key location. Need trails and open spaces to get to the Rec Center.
609	Zone 2	The trails are very important because we love walking.
707	Zone 2	These activities are most enjoyable to our young children and us as adults.
725	Zone 4	These amenities are important to our overall health by consistently walking the trails, open space, and using the Rec Center's Lazy River pool.
694	Zone 4	These amenities are unavailable at the home.
56	Zone 3	These are low (no) cost places for our family to picnic/wiggle/rest/exercise
847	Zone 4	These fit our adult lifestyle the best. Variety of trails and parks and the workout equipment.
613	Zone 3	These places have the opportunity to enjoy recreation at your leisure and play multiple sports
771	Zone 1	they are great activities for kids.
767	Outside the Town of Berthoud limits	They are the amenities I like & am most likely to use.

24	Zone 2	They provide opportunities for my entire family to be together, get exercise, enjoy the outdoors
786	Zone 4	Those are the ones we use in the most so we can be doing something active regardless of the weather.
695	Zone 2	Those are the ones we use repeatedly
888	Zone 4	Three kids 6 years old and under.
1	Zone 3	To be in nature, gather in community, maintain mental and physical health.
770	Zone 4	Town fields
800	Zone 3	Trail access and availability to travel between and connecting to open spaces and parks is most important and could use better connectivity for pedestrians and traditional bikes. Not E-Bikes.
870	Zone 1	Trail systems encourage walking and biking
568	Zone 3	Trails (existing and non-existing), Pavilions (private parties), Rec Center Workout Areas
717	Zone 4	Trails (need more) are important for fitness and safe transportation away from streets, especially for kids. Open space/natural areas are important to me for preserving habitat, ecological functions, natural aesthetic, and recreation in a nature setting close to town. Playgrounds (at parks) are important for kids but many of the pocket parks (and even Pioneer) have lackluster playgrounds that could use an upgrade (e.g. a slide).
777	Zone 1	Trails allow for walking, running, biking, get the kids out, Fields for Pickleball which we play all summer long and playgrounds for kid play
53	Outside the Town of Berthoud limits	Trails and open space are important to me because they have the ability to be accessible to everyone in the community. Play grounds were third choice because children deserve the opportunity to be kids, and have fun.
787	Zone 1	Trails and parks provide a variety of dog walking options for us, especially. We moved to Berthoud for the small town community and feel, so would like to maintain as much open space as possible!
865	Zone 2	Trails are very important to us!
792	Zone 3	Trails because we like to walk or ride bikes to and from parks / open spaces and to friends and family gatherings. Open spaces because they allow for a lot of opportunity for different events ie: concerts and neighborhood gatherings. Leisure pool area because we are need of an outdoor summertime splash park and a bigger pool besides out rec center as the town has now learned where they could have improved on the current pool at the rec center.
799	Zone 1	Trails connecting Berthoud with Loveland
690	Zone 1	Trails connecting subdivisions.
758	Zone 4	Trails- easy access to get around town by bike; workout facilities- used 3x/week; bike park- the kids LOVE it!
605	Zone 4	Trails is our top choice because we walk a lot.
710	Zone 3	Trails to walk on
58	Zone 3	Trails, trails, trails! Decrease need for car traffic
743	Zone 3	Trails/natural areas for walking the dog and teaching the kiddos. Leisure pool area/indoor climbing good places when we can't be outside for whatever reason.
639	Zone 1	Use them for fitness and wellbeing
910	Zone 4	Walkable and bike paths and trails, open space
631	Zone 1	Walking dogs
570	Zone 4	Walking dogs on trails; play pickleball with family
774	Zone 4	We all love the basketball and pickleball courts. We go frequently... About 2 times a week. The surrounding area is beautiful to walk around
779	Zone 4	We are active runners, bikers, hikers. We like outside activities. Picnics, etc
624	Zone 3	We are elderly -- exercise and fitness are most important
41	Zone 2	We are elderly, mostly picnics and family get together
745	Zone 3	We are in our 70s and indoor areas are best for us as we age.
822	Zone 4	We are outdoorsy folk who like to walk the trails with our dogs.
781	Zone 4	We are within walking distance . One adult is disabled so cannot drive a car but can ride a bike to facilities.

864	Zone 4	We can go as a family.
634	Zone 3	We don't have kids, but like to play pickleball, ride our gravel & mtn bikes, and walk our 2 dogs
559	Zone 1	We enjoy natural spaces and trails more than structures activity, and enjoy swimming
575	Zone 3	We enjoy playing sports, which typically take place in these locations.
599	Zone 3	We enjoy taking the grandchildren to the park to play. We enjoy walking our dog and playing with him. We enjoy flying kites with the grandchildren in open spaces.
905	Zone 2	We enjoy the leisurely outdoor activities. A pool that isn't the rec center would be great.
702	Zone 2	We enjoy visiting the park, as well as the gym and pickleball courts.
564	Zone 1	We enjoy walking the trails
600	Zone 3	We enjoy watching our kids play sports
652	Zone 4	We feel the indoor gym is most important and should allow for more free throw/pick up game time for kids who want to practice their skills. Secondly is the outdoor access to basketball courts and lastly are the soccer fields
844	Zone 2	We have 2 boys who want to grow up here
636	Zone 1	We have 2 young children so parks that are inclusive for young kids (under 3) are inportant. Also park space to play outdoor or take walks to get us out is inportant
839	Zone 4	We have a child in soccer and appreciate the field and playground together. We like using the gym for workouts as well.
783	Zone 4	We have a dog and enjoy the open spaces and paths
31	Zone 1	We have a small child who loves playing on the playground - we find ourselves going to Loveland Playgrounds more because they have shade.
662	Zone 1	We have a toddler who loves being outside. We love parks and playgrounds all year round
730	Zone 3	We have a young child so we look for places that accommodate his needs
747	Zone 4	We have a young child that loves the pool and parks, while we love the workout facility.
744	Zone 4	We have a young child, these are the amenities we use most.
776	Zone 1	We have grandchildren and they love to come visit the playgrounds. We love the trails in the area.
906	Zone 1	We have small children that love going to the park! We also enjoy taking our dogs on walks away from a lot of houses.
604	Zone 1	We have small children, but also want to do things for ourselves
818	Zone 4	We have two kids under five and love taking advantage of open space and playgrounds for free and love the option of going swimming when the weather isn't great
65	Zone 4	We have two preschool age kids and they love the variety of playgrounds. We visit different playgrounds at least a couple times a week. We also enjoy the kids area of the bike park. It allows the kids to get better on their bikes and have an adventure all while being close to home. We also use the trails while going on family bike rides or walking our dog.
591	Zone 1	We have young children so these are the things we use most.
917	Zone 4	We have young children who utilize these amenities. As they get older, the order of importance will change.
42	Zone 4	We have young kids so kid friendly areas to get energy out. Would love an outdoor pool in town.
760	Zone 4	We just like easy access to being outside and in nature - walking, biking, being with friends.
866	Zone 4	We like being outdoors.
914	Zone 4	We like riding our bikes on trails not roads
762	Zone 4	We like taking walk. Our kids play sports
563	Zone 4	We like to go to the gym daily, swim, etc. and walk paths and ride my bike
850	Zone 2	We like to ride bikes around town, play on playgrounds, fish, walk trails, love the big trees and shade
658	Zone 3	We like to walk daily

726	Zone 1	We like to walk/hike as a family, our kids love playgrounds and most of us play sports
887	Zone 2	We love being outdoors and love our community. Having trails and parks and open spaces to enjoy are very important to us and we use them often.
688	Zone 4	We love being outside
907	Zone 1	We love bicycling. And being outdoors is more important than indoor space.
616	Zone 1	We love the outdoors and places nearby home are convenient
597	Zone 1	We love the quiet.
640	Zone 2	We love to get out and walk
665	Zone 4	We love to have a variety of places to walk and enjoy birds, natural environment to provide a close to home respite from way too busy daily life. Berthoud is beautiful!
738	Zone 1	We love to swim- spend a lot of time at pools and beaches
593	Zone 4	We love to take our dog, Lovie to Hillsdale and Pioneer Park
763	Zone 1	We love to walk our dog on trails and look for ones away from traffic
813	Zone 1	We love to walk the trails, have picnics, and play on play grounds. My kiddos do use the basketball courts, baseball feeds and multisport areas frequently as well.
756	Zone 4	We miss the Berthoud Pool immensely!
654	Zone 2	We need a swim team
25	Outside the Town of Berthoud limits	We need a trail to allow the kids who live west of town to have a safe route to town. That is my #1 concern. My kids use the lap lanes at the pool for swim team so having more pools is important. Also my kids joined LFA rush and are looking forward to using bein park to practice.
59	Zone 1	We need an outdoor pool
659	Zone 4	We need more open space and trails, we're loosing everything to new developments
668	Zone 4	We own dogs wnd frequently take them out on walks at places listed above.
49	Zone 2	We primarily walk through the areas and occasionally use them for recreation. I would prefer more free water access- splash pad, pool, paddleboarding.
754	Zone 1	We run/bike, play pickleball and take the kids to the playground.
824	Zone 2	We use playgrounds and trails everyday, open space regularly, and the pool if we don't have time to drive up to the Chilsen Center in Loveland
874	Zone 4	We use the gym almost daily, love the trails and open space and pedestrian friendly atmosphere, one of the main reasons we moved our family here. Please continue to keep. Berthoud pedestrian/bike friendly. Please plan for this as traffics increases please continue to create open space and save our views!
867	Zone 3	We use the trails and open spaces daily to walk the dog and go on runs.
22	Zone 2	We use these the most out of anything, but love everything else.
637	Zone 4	We walk alot, open spaces for beauty
715	Zone 4	We walk and play pickleball
644	Outside the Town of Berthoud limits	Winter is long. A good way to stay in shape.
810	Zone 2	Working out at Berthoud Rec Center is especially important in the winter when we can't be outdoors
804	Zone 3	Workout at the pool at least 1 x/ week; use dog park, Collins Park and Gateway Park to throw frisbee & excercise dogs daily; walk with friends and get around town on trails weekly.
607	Zone 4	Workout facilities are most important to us to maintain our health. I believe Berthoud would get good use out of additional workout space or facilities. We take our dog almost daily on walks on the trails around Berthoud and are really happy with the network of trails and how they're maintained. We like to use tennis and pickle ball courts occasionally for a fun activity while still getting exercise.
816	Zone 1	Would love an outdoor pool that's not tiny and is affordable
904	Zone 3	Year-round exercise
716	Zone 4	Young children, we can spend many quality hours playing together as a family with these amenities
780	Zone 2	Young kids live the playground and pool

Q11: Please rate how important the following current amenities are to your household. Please provide an answer even if you have not used the amenity.

Respondent ID	s_area	Response
638	Zone 4	A pool with a diving board and an outdoor pool
905	Zone 2	Access to waterfront (Loveland Reservoir)
807	Zone 3	Adaptive and accessible playgrounds
787	Zone 1	Adaptive teen programs for the kids and young adults living in our community with disabilities
624	Zone 3	aerobics/weights space
717	Zone 4	Archery range
842	Zone 4	Bigger pool
874	Zone 4	Bike paths, trails!
733	Zone 1	Bike trails or a sidewalk linking zone one to the other side of 287, to facilitate riding bikes to the rec center and bike park with as little vehicular interaction as possible (safety concerns with drivers at the roundabouts and speeding)
870	Zone 1	Bocce courts
727	Zone 4	Dog Park
800	Zone 3	Dog park with grass and tree shade.
824	Zone 2	Dog parks
756	Zone 4	Dog parks on the east side
843	Zone 2	fitness classes
685	Zone 1	I have no way to safely travel to any parks outside of my subdivision due to Berthoud having ZERO trails or sidewalks connecting areas
886	Zone 3	Ice skating/hockey
704	Zone 4	Indoor basketball court and gym
741	Zone 1	Kayak launches
49	Zone 2	Lake access
711	Zone 2	Large outdoor pool
894	Zone 2	N/a

629	Zone 4	N/A
591	Zone 1	NA
54	Outside the Town of Berthoud limits	Natural areas
665	Zone 4	Nature play would be fun for everyone!
875	Zone 3	Need an outdoor pool!
46	Zone 2	Outdoor pool
643	Zone 4	Outdoor pool
707	Zone 2	Outdoor pool
908	Zone 2	Outdoor pool
10	Zone 4	Outdoor Pool
793	Zone 3	Outdoor pool that would provide lap swim and leisure swim would be a top priority.
912	Zone 3	Rec center
919	Zone 4	Shady areas for play.
571	Zone 2	sidewalks
25	Outside the Town of Berthoud limits	Trails to town
15	Not shown on map	Volleyball
652	Zone 4	We need an outdoor pool!
582		Wood chip running and jogging trails, 1 mile circuit in length

**Q12: Please rate how you think the following current amenities are meeting the needs of the Berthoud community. Please provide an answer even if you have not used the amenity.**

Respondent ID	s_area	Response
807	Zone 3	Adaptive and accessible playgrounds
787	Zone 1	Adaptive programs for teens, young adults with disabilities in our community
717	Zone 4	Archery range
874	Zone 4	Bike trails need more!
870	Zone 1	Bocce
746	Zone 1	Can't use them if I can't get there.
704	Zone 4	Childwatch
860	Zone 2	Dog park
727	Zone 4	Dog Park
800	Zone 3	Dog Park
824	Zone 2	Dog Parks
756	Zone 4	Dog parks on the east side
685	Zone 1	I have no way to safely travel to any parks outside of my subdivision due to Berthoud having ZERO trails or sidewalks connecting areas
886	Zone 3	Ice skating/hockey
22	Zone 2	Indoor gym space for indoor sports
49	Zone 2	Lake access
781	Zone 4	Lakes
629	Zone 4	N/A
591	Zone 1	NA
54	Outside the Town of Berthoud limits	Natural areas
1	Zone 3	Outdoor Educational Spaces
707	Zone 2	Outdoor pool

875	Zone 3	Outdoor pool
10	Zone 4	Outdoor Pool
638	Zone 4	Outdoor pool and diving board
813	Zone 1	Outdoor water sports, swim beach
594	Zone 2	Safe bike routes to school thru town and connecting to loveland and longmont safely
724	Zone 2	Senior Adult
571	Zone 2	Sidewalks
842	Zone 4	Swim team pool
25	Outside the Town of Berthoud limits	Trails to get to town
905	Zone 2	Waterfront Access

**Q14: The Town of Berthoud is choosing a new name for the property currently known as Richardson Farm. This property is located on the north side of the Loveland Reservoir and is more than 50 acres. Planned amenities on site include a baseball/softball field complex, a feature playground, and an aquatic park. While this survey will not determine the final name, we value your input greatly. Which of the following names, which are under consideration from a committee-developed list, would you prefer?**

Respondent ID	s_area	Response
841	Zone 4	Alta Vista Park
1	Zone 3	Berthoud Farm Park
804	Zone 3	Combine: Mountain Vista Aquatic Park at Berthoud Community Park
894	Zone 2	Don't care
746	Zone 1	Don't care
869	Zone 4	Freedom Park
12	Zone 3	Marmot Park
53	Outside the Town of Berthoud limits	No opinion
860	Zone 2	North side Nook park
754	Zone 1	Pelican park
638	Zone 4	Pheasant Fields
28	Zone 4	Richardson Farm
672	Zone 1	Richardson Farm
6	Zone 1	Richardson Farm has a nice ring to it and seems less generic. Otherwise Eagle Ridge Park
23	Zone 2	Richardson Farm Park
56	Zone 3	Richardson Farm Park
759	Zone 1	Richardson Farm Park
757	Zone 4	Richardson Park
761	Zone 4	Richardson Park

793	Zone 3	Richardson Park
646	Zone 4	Sunset Ridge Park
610	Zone 4	THE PARK, In Berthoud
834	Zone 1	Waist of money

Q15: In a few words, please explain your response to the previous question.

Respondent ID	s_area	Response
303	Zone 1	A hard question. Artificial turf=more injuries. Real grass= waste of precious water. Is there an artificial grass that is padded or causes fewer injuries?
5	Outside the Town of Berthoud limits	a lot of people are allergic to grass
757	Zone 4	Absolutely no ball player wants to play on artificial turf ever!!
92	Zone 2	Advantages to both, but watering large areas of grass does make me sad
26	Zone 3	ALL These facilities are a gross waste of taxpayer money.
882	Zone 2	Although I am very aware/sensitive of the concerns about water usage, I feel very strongly that grass is a much safer surface. This is a concern for all who utilize the facilities, but especially for our youth.
515	Zone 3	Always look nice. Although it wood be more expensive initially, it would be less maintenance in the long run. (no mowing, no fertilizing, etc.)
687	Zone 3	Artificial turf causes joint injuries more than grass
48	Zone 4	Artificial turf is linked to increased injuries and future health problems
448	Zone 2	Artificial = too many injuries
498	Zone 4	Artificial breeds mold and bacteria. Needs to be torn up and replaced more often than grass. Super expensive!
585	Zone 2	artificial can get extremely hot
734	Zone 4	Artificial gets very hot in the summer
860	Zone 2	Artificial grass breaks down over time and become sharp and brittle. In the summer it becomes too hot to stand on. The small section of artificial grass at the Berthoud's rec center can get hit enough to burn skin in the summer.
597	Zone 1	Artificial is plastic, natural is a water waster
181	Zone 1	Artificial saves on maintenance and water, yet always looks nice
173	Zone 4	Artificial turf - from what I read can cause cancer and can also "burn" you- like carpet burns. Grass is a little more natural, absorbs suns heat
69		Artificial turf causes cancer
12	Zone 3	Artificial turf contains PFAS and micro plastics that contaminate our water supplies and negatively impact wildlife.
824	Zone 2	Artificial turf doesn't need to be watered or mown.
575	Zone 3	Artificial turf gets very hot. I understand that it is low maintenance, and in the Spring it can be useful when the grass field aren't playable. Perhaps a hybrid solution with mostly grass and one hybrid. Loveland Sports Park is a good reference.
99	Zone 4	Artificial turf has a major cost impact (capital), while grass will have a water and annual cost impact
254	Zone 4	Artificial turf has been linked to leg joint injuries. Cancer?
797	Zone 1	artificial turf has potential PFAS contamination issues
695	Zone 2	Artificial turf hurts and burns more than grass whenever you fall or skid on it.
378	Zone 4	Artificial turf hurts when you slide your knees on it where real grass doesn't
63	Zone 4	Artificial turf is an ecological disaster
725	Zone 4	Artificial turf is awful and the Town of Berthoud being the "Garden Spot" should use natural grass for their ballfields. It's better for the kids!
318	Zone 4	Artificial turf is composed of plastics and breaks down, causing microplastic pollution to waterways and air particles - they're unhealthy!
87	Zone 4	Artificial turf is hard on athletes- causes too many injuries. At the same time, natural turf is expensive to maintain
579	Zone 3	Artificial turf is horrible for the environment
596	Zone 4	Artificial turf is hotter and requires special shoes - not as accessible for everyone
6	Zone 1	Artificial turf is likely toxic to human health. Ahhhhh the PFAS haha
312	Zone 4	Artificial turf is proving to cause injuries to athletes
247	Zone 4	Artificial turf is too artificial
760	Zone 4	Artificial turf is too hot

272	Zone 1	Artificial turf is uncomfortable to lay on and gets too hot in the summer. Also, grass looks better
729	Zone 2	Artificial turf requires less maintenance and less water
287	Zone 1	Artificial turf requires less upkeep and water than grass does
199	Zone 4	Artificial turf still requires water, is hotter than grass, and I hate getting the black plastic pill in my shoes
443	Zone 3	Artificial turf uses less water
161	Zone 3	Artificial turf uses less water, but I don't know what it's like to play on
238	Zone 3	Artificial turf usually contain chemicals, but grass requires water and fertilizer
85	Zone 4	Artificial turf would be hot to play on
804	Zone 3	Artificial turf, although less expensive to maintain, can be dangerous for sports participants
140	Zone 2	Artificial turf, I believe, tends to get more hot than real grass. Maybe there is a diff type that doesn't? I would prefer grass, however, would this affect cost of water for households?
886	Zone 3	Artificial would be good for water conservation, but haven't played on many fields with this material
618	Zone 2	As a minor league ball player, I witnessed too many injuries on artificial turf.
658	Zone 3	As i understand artfical turf would be less maintenance than grass I am not sure all sports prefer to play on it.
630	Zone 3	Assume turf is less maintenance and safer to play on
591	Zone 1	Astro turf is bad for the environment and for the people playing on it.
602		Ball field come with a lot of history and grass fields are a part of that history.
774	Zone 4	Ballfield material is not important to me
587	Zone 4	Baseball isn't real on artificial turf.
357	Zone 4	Based on personal experience artificial turf make it hard to make quick, twisting movements, though I was going to blow my knee out
215	Zone 4	Because grass has less injuries and you can eat sunflower seeds
62	Zone 3	Benefits to both
696	Zone 4	Benefits to both grass and turf.
53	Outside the Town of Berthoud limits	Berthoud has multiple ball fields already. Artificial turf and grass both seem like a waste of resources.
320	Zone 4	Berthoud is the Garden Spot - absolutely no astroturf!!
329	Zone 2	Berthoud water is some of the highest in the state, to put grass would be a continuously costly investment, don't think the water system can handle as much growth as it's being demanded either
802	Zone 1	Better for environment long term, less water
386	Not shown on map	Better for safety, feet and joints, etc.
915	Zone 3	Better to have real grass it's better for the players.
401	Zone 1	Better to prevent injuries, less injuries
444	Zone 4	Both have benefits and downsides
268	Zone 2	Both might be good?
107	Zone 3	Buy once, cry once- less maintenance, no watering
905	Zone 2	Buy once, cry once.
158	Zone 4	Can be used all seasons for different athletics
914	Zone 4	Can use all year
282	Zone 3	Care minimal - no extra water use! Conserve water usage
117	Zone 4	Cheaper long term, parks and rec is not good at maintenance
647	Zone 4	Clovers would be better, little to no water, not cutting
402	Zone 1	Concerned about synthetic materials/plastics breaking down into community
745	Zone 3	Concerned about water use on grass but think it safer for kids.
819	Zone 2	Conflicted, Prefer the feel and look of real grass. But also being water-conscious, turf makes a solid case.
606	Zone 1	Conserve water

651	Zone 2	Consistency of fields and weather tolerance
836	Zone 4	Consistent surface and less cost in the long run, also conserves water.
434	Zone 4	Cooler surface temps in summer. More beneficial to environment i.e. animals, bugs, birds, air quality
332	Zone 1	Cost effective
702	Zone 2	Cost is an issue, so the decision could come down to that.
43	Zone 4	Depends on cost, quality, upkeep, need more info.
73	Zone 4	Do not use ballfields
67		Does use water, which is a precious resource. T.O.B. needs to be aware of limiting water guzzling grass
746	Zone 1	Doesn't apply to those of us who use a wheelchair
892	Zone 2	Doesn't matter. Artificial would save water, but would cost more.
583	Zone 3	Doesn't really matter to me.
641	Zone 4	Don't care
58	Zone 3	Don't need ball fields
60	Zone 4	Don't require lakes parks staff maintenance
30	Zone 3	Don't use
358	Zone 1	Don't use
511	Zone 4	Don't care
104	Zone 4	Don't care!
665	Zone 4	Dont have kids that play ball. No opinion.
723	Zone 4	Dont know
317	Zone 3	Don't know enough to choose
504	Zone 3	Don't know enough to make an educated guess
480	Zone 3	Don't know the pros and cons of artificial turf
747	Zone 4	Don't like the chemicals of astro turf but know the upkeep of grass is expensive.
472	Zone 4	Don't make kids play on turf in the "Garden Spot" of Colorado
28	Zone 4	Don't play ball but looking at water saving aspect
351	Zone 1	Don't play ball, kids grown and don't use
506	Zone 4	Don't play field sports, wouldn't know the diff.
557	Zone 3	Don't really care. Would love volleyball sand courts.
324	Zone 3	Don't use them except Fickel
232	Zone 4	Don't utilize ball fields
44	Zone 4	Due to water restriction i think artificial turf would be more sensible
156	Zone 4	Ease to maintain, lower cost in long run
412	Zone 2	Easier maintenance
645	Zone 2	Easier to maintain
595	Zone 2	Easier to maintain.
611	Zone 2	Ecologically sustainable and durable; no watering required
432	Zone 3	Either one is fine with me
849	Zone 4	Environmental and long term cost
427	Zone 3	Environmental impact should be considered, a blend of real and artificial should be considered
339	Zone 2	Even though it takes water it seems to be easier on the body to have real turf
683	Zone 4	Feels better on feet!
182	Zone 4	Fewer health risks with natural grass
362	Zone 4	Fewer injuries on grass
518	Zone 4	Fewer injuries on natural grass, cooler, too!
170	Zone 1	Fewer injuries. Most college, professional fields, etc. have returned to natural grass
558	Zone 3	Former collegiate athlete and saw way more non contact injuries on field turf. Also don't believe it's very recyclable but do understand the low maintenance and water savings that field turf provides
471	Zone 4	Grass = lots of water consumption
388	Zone 4	Grass allows for more options in terms of play

436	Zone 2	Grass athletics cause fewer sports injuries than artificial turf
229	Zone 4	Grass best but maintenance and water expensive
501	Zone 2	Grass can be easily replaced. In the long run, cheaper to maintain
343	Zone 4	Grass causes fewer injuries and doesn't get hot to the touch
406	Zone 2	Grass cools the ground, prevents erosion
66		Grass doesn't hurt when you land on it. Provides maintenance jobs
300	Zone 3	Grass feels better and one of the best things is smelling the grass when you run on the field
216	Zone 2	Grass helps eat carbons. Drought-resistant grass is easy to maintain. Besides that it gives people a healthy job
829	Zone 3	grass is a waste of water and maintenance cost
738	Zone 1	Grass is always better to play on, but water preservation is important as well
800	Zone 3	Grass is always superior to synthetic in an outdoor park setting. We are surrounded by enough artificial materials in day-to-day life. We do not need to be exposed to more when we choose to utilize/visit a park. Plus, grass is easier on the skin, knees, and other joints when playing sports.
150	Zone 4	Grass is better and less injuries
806	Zone 4	Grass is better for athletes
600	Zone 3	Grass is better for baseball
771	Zone 1	Grass is better for player health.
780	Zone 2	Grass is better for playing but turf is so much easier for maintenance
841	Zone 4	Grass is better for support.
776	Zone 1	grass is expensive to maintain and not as accessible in the winter months
767	Outside the Town of Berthoud limits	Grass is just better.
839	Zone 4	Grass is more natural and seems safer.
194	Zone 4	Grass is more natural looking, though does require maintenance. Not sure impact of turf on baseball/softball fields
727	Zone 4	Grass is natural and is the best for the spirit of the game.
396	Zone 1	Grass is natural but doesn't have to be high maintenance - many negative varieties available according to No. Colo. Water Facility (on 1st Street?)
251	Zone 2	Grass is natural therefore seems like the better choice. I have only played on grass and dirt but have practiced on turf. Turf hurts more when skidding knees
277	Zone 1	Grass is safer
483	Zone 1	Grass is safer
269	Zone 4	Grass is safer and gives off oxygen
88	Zone 3	Grass is softer on athletes
548	Zone 4	Grass is way better but costs a lot
481	Zone 1	Grass requires water, using our available water wisely is key
128	Zone 1	Grass seems better for the recreation, but could see reason to go another way due to maintenance and climate concerns
743	Zone 3	Grass seems like a more natural choice
447	Zone 4	Grass seems to create a natural relaxed atmosphere
259	Zone 1	Grass takes up so much water! Could it be a water-wise grass? I worry that artificial turf would get too hot (burns) and it isn't that eco-friendly
632	Zone 1	Grass uses a lot of water, which is a precious resource here and will only get more dear. Less maintenance, too!
408	Zone 4	Hardly any maintenance, and when it rains, you don't have to cancel games
451	Zone 4	Have artificial at residence. No watering is good use of resources :)
185	Zone 4	Have no personal use for ballfields
522	Zone 1	Haven't really used artificial much
110	Zone 4	Haven't researched this/whatever's best for 1) safety, 2) maintenance
847	Zone 4	Health, environmental and safety benefits to grass. Studies show health, player safety, long term cost and environmental drawbacks to artificial turf. Doesn't seem right to install artificial turf in "The Garden Spot"

32	Zone 3	Heat
728	Zone 3	Heat
19	Zone 3	Heat, health concerns
18	Zone 3	Heat, health, look
350	Zone 4	Help to keep things cooler
660	Zone 4	Higher injury rates in turf
55	Zone 4	Hold up better, less maintenance, looks nicer
241	Zone 4	How about something more sustainable- see Northern Water for recommendations
541	Zone 4	However with water so expensive, it might be better to use artificial turf
690	Zone 1	I always played on grass baseball fields. I'd like to give my son the same experience.
285	Zone 3	I am no longer playing rec sports! The decision should come from those who use the fields
622	Zone 3	I am sure there are pros and cons to each choice but I lean toward less irrigation.
178	Zone 1	I and my family won't be using them, consider water conservation
34	Outside the Town of Berthoud limits	I asked my 15yo competitive baseball player who plays for Berthoud High—strong preference for grass. Wet turf is very slippery. Hot turf sheds and gets overheated.
187	Zone 4	I can take my dog on grass, not on fake turf
125	Zone 3	I do not enjoy sports that much and recognize they're good for the community
348	Zone 4	I do not know advantages or disadvantages to either. Never played
166	Zone 3	I don't play sports. Meet the needs of the folks who do play sports and listen to their input
54	Outside the Town of Berthoud limits	I don't think you need a complex but artificial turf creates heat islands and injuries. You should have natural grass.
566	Zone 3	I don't use outdoor ballfields
465	Zone 4	I don't have a lot of knowledge about which option is better
570	Zone 4	I don't have a preference
385	Zone 4	I don't know anything about turf vs. grass
202	Zone 1	I don't know enough about it to choose the best option
159	Zone 2	I don't know the advantages for either regarding upkeep/staff needed for maintenance and who is all going to play there for tournaments or programs
821	Zone 4	I don't know which type of surf the players prefer.
546	Zone 4	I don't play baseball/softball so I'm not sure which is best
52	Outside the Town of Berthoud limits	I don't use such facilities, so I don't have an opinion.
425	Zone 2	I don't use the ballfields
160	Zone 1	I don't use the ballfields, so I really don't have a preference
126	Zone 4	I enjoy natural grass. I know it takes more water but it also supports pollination, nature, bugs, etc. Concerned about the maintenance of animal waste on artificial turf
666	Zone 3	I feel grass is better
545	Zone 3	I feel that turf is harmful to the environment
817	Zone 4	I hate playing on turf
832	Zone 4	I have heard there are increased injuries on artificial turf
888	Zone 4	I have no clue, never played ball
61		I have no experience
174	Zone 4	I have no experience with either type of playing surface so do not feel competent to respond
235	Zone 2	I have no idea which would be best
296	Zone 3	I have no knowledge of what would be best
345	Zone 1	I have no preference
551	Zone 4	I have no strong opinion, but do like real grass over turf as a general statement.

236	Zone 4	I have played sports on turf before, turf leads to a higher rate of injury and our children come home covered in the rubber pellet by product the turf gives off
226	Zone 4	I know it takes more care and water, but it's best for our children
307	Zone 4	I know turf can be very hot so with these sports being mostly in the summer, grass will be a bit cooler. I also wouldn't mind turf, as it would save water.
460	Zone 3	I know we are supposed to conserve water but natural surfaces are preferable
668	Zone 4	I like Astro turf in ball fields. Fake turf eliminates maintenance costs.
364	Zone 3	I like grass
578	Zone 2	I like grass
206	Zone 3	I like natural grass but realize the ongoing maintenance can be costly, using lots of water
543	Zone 2	I like natural turf
141	Zone 1	I like nature, not artificial things
677	Zone 2	I likely wouldn't use but think it's good to consider resources like water for these projects
151	Zone 3	I only watch, not play
875	Zone 3	I prefer grass vs artificial turf but cost and maintenance must be considered
297	Zone 4	I prefer grass, but we live in a desert and how much water it takes to keep the grass green and healthy seems like a lot of resources
143	Zone 4	I prefer whatever is least toxic to people and the environment
167	Zone 3	I probably won't use it - over 80 years
147	Zone 4	I probably won't use it so let those who will decide
198	Zone 2	I really don't know the pros and cons but think that grass would be easier to maintain in our hot dry summer
661	Zone 4	I really have no preference, whether it's natural turf or artificial
902	Zone 4	I think artificial turf is harmful to the athletes and contributes to heating the area, while the natural grass requires water, which could be a problem in the future.
153	Zone 4	I think artificial turf my have negative disadvantages for human health
906	Zone 1	I think it would look nicer, lower maintenance and conserve water
612	Zone 4	I think less injuries happen grass. But turf would be more eco-friendly.
599	Zone 3	I think natural is better & less toxic and think artificial turf is possibly tougher on the knees, and hotter in the sun.
671	Zone 1	I think that natural turf may be harder to maintain but artifical turf may have potential toxins or expose folks to micro plastics. y habe pote
544	Zone 4	I umpire youth baseball. Artificial/synthetic turf get way too hot in the summer, sometimes almost not playable. Do these future fields and complex plan to have lights?
697	Zone 1	I want what is safest and easiest to maintain
786	Zone 4	I wold lean towards grass because of the microplastics from the artificial turf breaking down over time.
822	Zone 4	I won't be using the field. So the overall maintenance cost would be my deciding factor.
607	Zone 4	I won't be using these fields so I don't have a preference
567	Zone 4	I won't use the ball fields so I don't care
129	Zone 4	I worry about the pesticide applications needed to maintain grass fields
415	Zone 4	I would expect you would choose the surface that requires the least man power and water usage upkeep
237	Zone 2	I would need to know more about the advantages/disadvantages of each
724	Zone 2	I would not use
867	Zone 3	I'm not sure which would have more of an environmental impact—plastic turf or regularly watering grass
635	Zone 4	I'm old school and played baseball a lot of years and just prefer grass even at the added expense due to water and upkeep
781	Zone 4	I'm unfamiliar with the implications of such choices
22	Zone 2	I've never played in artificial but I like the long term low maintenance of artificial
653	Zone 4	I've never played on turf... I would think it would be less maintenance, with larger up front cost. But it would look great year round?

861	Zone 4	I'd prefer our parks.Use actual grass not a yard to pay nothing like the feel and cooling ability of real grass
25	Outside the Town of Berthoud limits	If for baseball- prefer grass. If for soccer and football prefer artificial
562	Zone 1	If it's grass, would just want it kept up by the department. Otherwise, no preference.
162	Zone 3	If water continues to be an issue, then artificial turf
98	Zone 4	If you have ever played ball on artificial turf, you'll sure wish it was real turf!
463	Zone 4	I'm not sure of the advantages of either type
225	Zone 2	I'm not sure which would be best
722	Zone 3	I'm not sure. I worry about maintenance and water fur natural grass but I worry about kids and artificial surfaces as well.b
523	Zone 4	I'm old school. I've always played on grass. I raised 3 boys they were all in sports and the fields were grass
335		I'm retired and don't use any courts at all
497	Zone 4	In my opinion, grass would cause fewer injuries for the athletes
613	Zone 3	In the hotter months, grass is cooler than turf
246	Zone 4	Indifference
208	Zone 4	Initial higher cost (perhaps?) for artificial turf; long-term costs for water/maintenance of grass. Human needs (injury/aesthetics)?
731	Zone 4	Injuries are reduced on natural grass
701	Zone 4	Injuries from artificial turf related to traction as well as potential for burns during periods of summer heat.
775	Zone 4	injury potential
218	Zone 1	It is a natural product and works to prevent heat sinks, replenishes soil life and promotes CO2 replacement
855	Zone 2	It is important to keep using natural materials as much as possible so that we do not add to the pollution of the planet
590	Zone 2	It requires less WATER and less maintance
366	Zone 4	It should be natural
262	Zone 2	It will never be taken care of properly given our water situation. Also, this always looks nice!
499	Zone 1	It would help with the water costs and I enjoyed playing on turf as a kid
537	Zone 4	It's next to a lake
407	Zone 3	I've heard that artificial turf is dangerous to play on when wet and those black beads are carcinogenic
844	Zone 2	Just like real grass
455	Zone 4	Keep Berthoud "natural"
589	Zone 1	Keep it natural
733	Zone 1	Keep it natural
526	Zone 1	Keep it natural!
249	Zone 4	Keep natural, cost and it's safer on kids' bodies
195	Zone 4	Keeps watering costs lower. More playtime available/less cancellations of practices/games due to wet/puddled fields
572	Zone 4	Kids don't play on fields
142	Zone 4	Kids need real grass
347	Zone 4	Leave it alone, quit wasting money
102	Zone 2	Less cost of upkeep and less use of water
735	Zone 3	Less grass, less water consumption
761	Zone 4	less injuries
292	Zone 1	Less injuries
473	Zone 4	Less injuries
828	Zone 4	Less injuries
135	Zone 4	Less injuries for players
605	Zone 4	Less injuries for players

309	Zone 2	Less injuries on grass
75	Zone 2	Less injuries on grass, better for soil health, no annoying rubber pellets
846	Zone 4	Less injuries on grass. More aesthetically pleasing
437	Zone 2	Less injuries to children
798	Zone 2	Less injuries, more natural response from balls on dirt/grass
144	Zone 4	Less injury for people, less maintenance cost, don't have to water
479	Zone 2	Less injury on grass
454	Zone 4	Less maintenance- mowing and watering and week control
250	Zone 1	Less maintenance, little water usage, less allergy from grass
449	Zone 4	Less maintenance, okay for dogs and children, way less water during times of drought, less fire hazard
883	Zone 4	Less resources to maintain the fields
626	Zone 4	Less to water
805	Zone 1	less water
825	Zone 4	Less water
869	Zone 4	Less water
782	Zone 1	less water usage
862	Zone 4	Less water usage
845	Zone 4	Less Water Usage
807	Zone 3	Less water usage to maintain
361	Zone 4	Less water use
631	Zone 1	Less water use and less maintenance
555	Zone 2	less water use, FASTER to repair damage, and more aesthetically pleasing & safe for useage
917	Zone 4	Less water, fertilizer, herbicide use and less labor involved with synthetic turf, but real grass is more traditional.
576	Zone 3	Less water. Hopefully the town will lower my water bill
270	Zone 3	Less water. I live next to Fickel Park and the watering causes lots of mosquitos to reproduce, so water conservation and less mosquito breeding grounds as reasons
242	Zone 3	Let the safety of the users decide. Can we afford to water grass?
452	Zone 4	Let's not put more plastic and rubber in the soil. Turf hurts and burns
193	Zone 3	Let's try to preserve nature habitat and not bulldoze into oblivion
169	Zone 4	Like grass but turf would require less water
900	Zone 4	Like the idea of grass but know that it takes mire maintenance.
742	Zone 4	Longevity, child safety
29	Zone 4	Look at how many injuries professional players have when on turf. Gross to think we would be the garden spot if all the garden things were plastic
795	Zone 1	Looks better and fewer injuries to athletes
183	Zone 2	Looks nicer and good for people with allergies to grass
870	Zone 1	Losing too much timurf. It's cooling. Artificial turn hazardous and hot.
375	Zone 1	Lots of diseases can spread in artificial turf. I find it gross/unsanitary. Also grass is better for drainage/water quality
308	Zone 2	Love Natural World
311	Zone 2	Low water use
707	Zone 2	Lower maintenance and is nice to play on and doesn't getting muddy for players
863	Zone 1	Lower maintenance and water requirements
887	Zone 2	Mainly injury related there is a concern for water use with grass- perhaps drought tolerant grass as a consideration
84		Maintenance and water
180	Zone 1	Maintenance free turf - no mowing, no watering
179	Zone 2	Maintenance, less water, money
528		Mesh with surroundings
344	Zone 2	More forgiving on athletes
64	Zone 2	More injuries on turf

646	Zone 4	More natural
172	Outside the Town of Berthoud limits	More natural to environment
231	Zone 4	More nature and pleasing to the eye. That area has beautiful, sweeping landscape and something artificial would obscure that view
493	Zone 4	More of a natural surface, more environmentally friendly
527	Zone 4	My child loves artificial turf and it would conserve water
399	Zone 4	My family is not into any sports that use ball fields, so I feel that decision would be better left to families who do
908	Zone 2	My kids do not play baseball or softball
367	Zone 4	My kids experienced both and we witnessed more injuries and overheating on artificial turf
306	Zone 4	My kids have artificial turf at school. It's hot and the black rocks hurt. New Vision Chapter
717	Zone 4	My main concern is water use. If grass can be maintained with reclaimed water and/or use a low water alternative, natural grass is generally nicer (and cooler) in the summer.
257	Zone 1	My opinion
710	Zone 3	Natural
127	Zone 1	Natural and good for ecosystem
152	Zone 2	Natural environment
848	Zone 3	Natural environment
333	Zone 4	Natural features
278	Zone 1	Natural grass is better for the environment and results in fewer athletic injuries
896	Zone 4	Natural grass is far superior
217	Zone 4	Natural grass looks better than artificial grass
664	Zone 4	Natural grass may be safer for the athletes
373	Zone 1	Natural is better- it reduces injury
267	Zone 4	Natural to the environment
525	Zone 1	Natural, fewer injuries
322	Zone 2	Need long lasting
662	Zone 1	Neural.
610	Zone 4	No idea
240		No interest in the ball fields
663	Zone 2	No kids in family that play ball
554	Zone 4	No more ballfields are needed.
370	Zone 4	No opinion
115	Zone 2	No preference
799	Zone 1	No preference
866	Zone 4	No preference, either works well.
674	Zone 4	No preference, won't utilize but turf does require less maintenance.
694	Zone 4	No preference.
535	Zone 2	No preference. Both have pluses and minuses
604	Zone 1	No upkeep or watering needed.
295	Zone 3	No water
768	Zone 4	No water required, more more durable
321	Zone 2	Not a ball player
879	Zone 2	Not applicable no preference
603	Zone 3	Not as hot as artificial and safer on joints.
708	Zone 4	Not enough existing data about potential environmental and human danger associated with artificial turf; most kids do not like playing on artificial turf
304	Zone 4	Not enough experience with turf. Potential for more injuries (I think) but grass is also expensive and difficult to maintain.
409	Zone 1	Not familiar with going to ballfields , cannot give a preference on the topic

894	Zone 2	Not interested
615	Zone 4	Not pertinent to our family
15	Not shown on map	Not sure
657	Zone 2	not sure how turf feels on a ballfield
540	Zone 2	Not sure of the different in upkeep, water usage etc. whichever is best for the planet
394	Zone 4	Not sure what carcinogens are in the artificial turf. Needs replacement every so many years- cost of replace to real turf maintenance
842	Zone 4	not sure what would be best, water is in short supply
331	Zone 3	Opposed to use of plastics
413	Zone 2	Our kids are grown and out of the house
858	Zone 4	Outside spaces feel better with natural grass. I also have health concerns for turf.
617	Zone 3	Overall safer, turf has many potential health risks. Natural grass is much more comfortable as turf gets really hot. Natural grass is more aesthetic. Grass is a much cheaper upfront cost.
228	Zone 3	Personal and family preference; needs to be maintained but never "replaced"; safer
315	Zone 3	Play baseball growing up, grass was better to plan on
40	Zone 2	Played collegiate sports. Multiple knee injuries seen on artificial turf. Also, the heat on turf is extreme in the summer months.
171		Player safety
792	Zone 3	Playing recreationally on both surfaces I prefer the artificial turf for all events and I believe in the long term would take fewer town resources to maintain for the future.
467	Zone 4	Post differential for maintenance
380	Zone 3	Prefer grass but have some concerns about water use
517	Zone 4	Prefer look and utility of grass
305	Zone 2	Prefer natural
256	Zone 4	Prefer natural areas and use/care of them. More authentic, too!
390	Zone 3	Prefer organic grasses, natural grass
132	Zone 4	Prefer the natural surface
718	Zone 4	Preserve water
584	Zone 3	Probably won't use it
186	Zone 2	Probably won't be using it
810	Zone 2	Professional sports has demonstrated that more injuries occur on artificial turf. Natural turf only, please.
816	Zone 1	Pros and cons of each
510	Zone 4	Pros and cons to both
355	Zone 4	Pros and cons to both, Grass is typical.
86	Zone 4	Proven to be a good experience for our athlete grandchildren
850	Zone 2	Real grass and trees help keep the playing surfaces cooler. Artificial turf gets super hot and can smell bad.
203	Zone 3	Real grass requires more up keep and maintenance, although it's nicer to walk on or lay on. Depends on the purpose or use of the area developed
91	Zone 4	Real grass uses too much water however real grass is safer for those playing on it
706	Zone 1	Really don't care as long as the kids have a nice place to play and it is well maintained.
90	Zone 2	Really don't know, but thank for the paper I do read it
877	Zone 2	reduce injury
521	Zone 4	Reduce the amount of water we are using
49	Zone 2	Reduced water needs
818	Zone 4	Regular grass is easier on the people playing than turf in my experience but I do understand lower maintenance on turf if it is chosen
145	Zone 3	Reminds us of Berthoud's agricultural roots
916	Zone 4	Research shows a strong correlation to injuries and turf
71	Zone 3	Retired, so a lot of these items do no apply to me
146	Zone 3	ROI for grass over turf? You maintain both but at what cost?
571	Zone 2	safer

470	Zone 3	Safer
594	Zone 2	Safer
919	Zone 4	Safer and easier to play on for the children and adults.
157	Zone 1	Safer and more natural with the mountain views
334	Zone 1	Safer cooler surface
214	Zone 4	Safer, cooler, natural
233	Zone 2	Safer, more natural feel
624	Zone 3	safety
261	Zone 4	Safety
489	Zone 2	Safety. Artificial-fake, enough plastic
393	Zone 3	Save on maintenance costs. However, I have heard professional athletes say these surfaces are much harder on athletes' bodies
13	Zone 3	Save on natural resources by utilizing artificial turf
253	Zone 1	Save on the water bill! Don't waste water on grass!
155	Zone 2	Save water
113	Zone 3	Science shows that artificial turf fields increase the players chance of injury
907	Zone 1	Seems easier to maintain? Harder for assholes to permanently destroy it?
101	Zone 4	Seems to me that there would be less maintenance and less water use. If Berthoud continues its seemingly endless growth, we need all the water we can save!
176	Zone 4	Self explanatory
785	Zone 4	Simple is best. God created grass and it seems to be a pretty, pleasant amenity in this natural world of ours.
539	Zone 4	Since I don't participate on ball fields, I really think the safety aspect and the costs of grass vs. artificial turf should dictate. I know in the past there were health concerns from artificial turf and many athletes blamed their injuries on the hard, unyielding surface
881	Zone 1	Softball player
301	Zone 2	Softer
82	Zone 3	Staying with grass- is optimal
47	Zone 3	Sustainable
698	Zone 2	Synthetic turf gets hot
893	Zone 3	The ball bounces weird on turf plus kids don't always remember their turf shoes.
638	Zone 4	The chemicals leeching off turf into the reservoir would be ecologically harmful. And reduced chance of injuries playing on grass.
149	Zone 1	The data has shown less injuries on grass fields. Also artificial turf has shown signs/relation to childhood cancer
360	Zone 1	The decision should be based on the cost to install and maintain the surfaces. For example, the cost of watering and mowing natural grass may exceed the cost for artificial turf.
588	Zone 4	The idea is to use less water. Go for turf!
759	Zone 1	The kind of ballfields may dictate need for artificial turf or not.
426		The more natural the better
220	Zone 4	There are pros and cons to each from an environmental perspective. There is some indication that grass is better from a player safety perspective.
582		There is little enough water to maintain just lawn grass in open fields in Colorado. Artificial turf of a high quality is quite sufficient for the purpose. It's less expensive in the long view perspective and conservative in all.
420	Zone 4	There is nothing more attractive than a nicely mowed ball park (well maintained)
873	Zone 1	There is statistical evidence showing increased injury rates and artificial grass
212	Zone 4	Thinking it would be accessible more days of the year
640	Zone 2	this should help conserve water
912	Zone 3	Though we will enjoy watching games we do not have a preference
820	Zone 3	through my own personal discussions with those who use ball fields. they all stated they prefer natural turf.
752	Zone 2	To conserve water usage
440	Zone 1	To save money on upkeep and watering
122	Zone 4	To save the water!

422	Zone 1	To save water and would look nice
462	Zone 3	To save water usage
672	Zone 1	Tough call because of the water issue, but artificial gets really gross with spit and gum. We're Colorado, we like nature.
601	Zone 2	Toxic plastic is not ideal
478	Zone 4	Try to save water
2		Tuff is usable after rain, survives weather better, seems easier to maintain, looks great.
428	Zone 4	Turf can be hard on legs, knees, etc.
913	Zone 4	turf can be tough to play on....need certain shoes and certain things are not allowed on turf.
773		Turf can grow strep
221	Zone 4	Turf causes cancer
411	Zone 4	Turf causes injuries to athletes
854	Zone 1	Turf for the kids to play on. Are you serious? Go outside kids and play on the green plastic. Make the investment in grass
80	Zone 2	Turf gets considerably hotter than grass, and can harm animals if they eat it
713	Zone 3	Turf gets hot and is messy
749	Zone 2	turf gets hot, grass needs water I see problems and benifits to each
730	Zone 3	Turf gets really hot
556	Zone 2	Turf gets really hot, results in more injuries and is bad environmentally
234	Zone 2	Turf gets very hot. If grass can be maintained, we prefer that.
294	Zone 2	Turf is bad for the environment and has a large carbon footprint and turns the soil below into a wasteland
441	Zone 4	Turf is easier to maintain
368	Zone 4	Turf is easy to stub your toes on sun damage sometimes
614	Zone 4	Turf is great in wet weather and leads to fewer cancellations. Turf is SO hot in the summer and can make events miserable. Plus, turf has been shown to be really hard on athlete's joints. Natural grass is much better with appropriate moisture levels.
685	Zone 1	turf is not safe and can cause cancer
119	Zone 2	Turf is really hot. Depending on type, it is dirty and cancerous. Also increases fatigue injury.
711	Zone 2	Turf is to hard on kids
42	Zone 4	Turf is toxic
550	Not shown on map	Turf is unhealthy for people and environment
778	Zone 4	Turf lasts longer and will survive the wear and tear of sports.
659	Zone 4	Turf trips up people, is slick, and the initial cost is so much more than real grass, and it's harder when you fall
536	Zone 1	Turf would save on water
737	Zone 4	Turf/plastics would contaminate the surrounding water and soil
564	Zone 1	Unfamiliar with ballfields
45	Zone 2	Unless we use no potable water, we should try to conserve water and avoid real grass.
675	Zone 1	Unsure
263	Zone 4	Unsure the benefit of either. Although saving water would be important
111	Zone 1	Uses less water
748	Zone 4	Waggener Park has grass. It would be nice to have options. There's also a lot of bugs on the ball fields from the grass.
325	Zone 3	Was in corn and alfalfa - prefer natural but since the town is growing too fast and water is such a high premium \$\$ less water for newcomers
11	Zone 2	Water conservation
56	Zone 3	Water conservation
213	Zone 2	Water conservation
330	Zone 4	Water conservation
684	Zone 4	Water conservation

260	Zone 4	Water conservation is a concern and so artificial turf would be the choice. I would prefer to play on natural turf. So I am somewhat conflicted in my choice
720	Zone 3	Water demands are too high.
397		Water efficiency
741	Zone 1	Water is a precious and expensive resource.
258	Zone 4	Water is a precious resource. Cut-down watering
359	Zone 2	Water is a precious resource. Population exploding, therefore eventually water limits will be the issue. Artificial grass only last 10 years, the cost benefit is about the same. But water is the limitation
281	Zone 4	Water is scarce
488	Zone 4	Water is scarce
704	Zone 4	Water is so precious and our water is already not great for drinking. I'd like money focused there and not on nonpot needs. Also allows for less cancellations due to wet field concerns.
676	Zone 4	water shortage
898	Zone 4	Water usage
290	Zone 3	Water use
482	Zone 4	Water use
513	Zone 3	Water use to maintain the grass of large fields is concerning but I know that artificial turf can get uncomfortably hot
405	Zone 3	Water!
788	Outside the Town of Berthoud limits	We all need to conserve water.
719	Zone 3	We are in a significant drought and living in a desert. Grass uses lots of water. While the upfront cost would be more, we feel it might me better to use turf in the long run. We also acknowledge there should be consideration given to athlete injuries.
895	Zone 3	We are the "garden spot", turf health concerns, runoff into loveland reservoir, heat of turf
779	Zone 4	We don't anticipate using these so would defer to those that are actively using them.
486	Zone 3	We don't have any outdoor field athletes so have not participated in the conversation
188	Zone 1	We don't know the details and pros and cons to have an educated preference
809	Zone 4	We don't need more grass to water.
700	Zone 3	We don't need more plastic breaking down under UV exposure and getting absorbed by the environment.
487	Zone 2	We don't play ball
133	Zone 1	We don't play softball/baseball
758	Zone 4	We don't really use them
505	Not shown on map	We don't use these field types
813	Zone 1	We have played many games at Loveland sports park and there are multiple times every season practices have to be canceled due to field conditions but those scheduled on the turf can proceed. My only hesitation is the health/environmental effects of artificial turf.
328	Zone 2	We have water limitation. Let's be smart folks and good stewards of our resources
148	Outside the Town of Berthoud limits	We need to be efficient with our water
264		We need to conserve water, it's a previous resource
197	Zone 2	We no longer have kids under 18
323	Zone 4	We once were a garden community, let's try to keep some things close to natural
756	Zone 4	We play competitive baseball and turf fields are great. Less weather delays, kids like it.
833	Zone 2	We prefer grass fields for playing on and for health and safety. But we could consider some turf (one field, for example) if it saves water and is more cost-effective
629	Zone 4	We probably will not use it so majority could decide

843	Zone 2	We probably won't have anyone in the family use ballfields.
219	Zone 4	We should use an organic surface. Exposure to plastics cause cancer. I can't believe synthetics are being considered
1	Zone 3	We want to maintain natural materials as far as possible, synthetics will age-out.
389	Zone 2	We were split- he chose turf, she chose grass. Maintenance and water usage were his reasons. Soccer playing grandchildren would have problems with turf were her reasons.
593	Zone 4	We will not be using them, but grass is preferable for outdoor sports
868	Zone 3	We would never use ball fields.
291	Zone 4	Weather can affect availability
391	Zone 4	We'll never be using the ballfields, so have no preference what is used, turf or grass.
438	Zone 2	We're a soccer family. Turf holds up so much better
716	Zone 4	We've never played on turf, so can't comment on if that's better/worse than grass
93	Zone 2	Whatever is easiest to maintain
177	Zone 1	Whatever is more environmentally friendly
721	Zone 4	Whatever would be most economical to maintain would be the best
783	Zone 4	When I played sports I liked grass better
283	Zone 4	Where will the water come from and at what cost?
573	Zone 2	Which ever is safer for players in terms of injury likelihood and what fits into current maintenance capabilities.
349	Zone 3	Whichever is least expensive to maintain long term (i.e. water, mowing, pesticides, fertilizers, repair, etc.). However grass is natural filter, provides oxygen and cools air. Consider all pros and cons research
255	Zone 1	Whichever option makes the most sense environmentally/ecologically- plastic vs water use
418	Zone 3	Whichever surface is the best for the field works for me
770	Zone 4	Whichever will last longer and prevent people from taking their dogs on it to ruin it like they do with the current ball fields
580	Zone 4	While I don't believe non-essential (front yards) u believe the areas of play should not be artificial
533	Zone 2	While I like the water conscience choice of artificial turf with the low maintenance cost, it just does not feel as nice
688	Zone 4	While I understand the water implications, turf is uncomfortable to enjoy and smells with dogs
81	Zone 4	While it is more expensive up front, I believe the maintenance cost long term will be less
762	Zone 4	While turf fields are easier to maintain, they are very hot in the summer
21	Zone 2	Will aesthetically look better, stay green & work well with lots of people traffic
681	Zone 1	Will not be using it
563	Zone 4	With the shortage of water approaching, we should be considering the most efficient way!
154	Zone 3	Won't ever use them
421	Zone 3	Won't require sprinklers
222	Zone 1	Won't use
538	Zone 4	Won't use it
547	Zone 3	Won't use the ballfields. Don't care. Grass fields are easier on the players' bones
435	Zone 3	Would consider the cost and maintenance
27	Zone 4	would it be better at keeping hte prairie dog growth in check? potentially lower maintenance cost and use less water
890	Zone 4	would not be using the ball fields
382	Zone 2	Would prefer natural but uses a lot of water. Artificial can be extremely hot in the summer

Q16: Please tell us how important each of the amenities below would be to include in future Berthoud Parks, Open Space, Recreation, and Trails Planning over the next 5

Respondent ID	s_area	Response
861	Zone 4	55' Carousel
617	Zone 3	A place for food trucks with power near parks and activities
874	Zone 4	Activity for older kids and teenagers, not just a pool that is for preschool and younger kids
807	Zone 3	Adaptive and accessible playgrounds
640	Zone 2	Adaptive playground
868	Zone 3	An indoor walking/running track not next to basketball courts.
639	Zone 1	Aquatic/outdoor pool
717	Zone 4	Archery range
901	Zone 3	Bike path around town
733	Zone 1	Bike trail network across town linking major parks and neighborhoods together
653	Zone 4	Connect our bike paths to neighboring cities
829	Zone 3	connecting trails to parks - example rec center to bike park along reservoir
713	Zone 3	Disk golf
729	Zone 2	Dog park with water entry pond, lake
564	Zone 1	fishing ponds
858	Zone 4	Fishing/Boating Access
614	Zone 4	Full 11v11 Soccer Fields
613	Zone 3	Grass dog park
561	Zone 4	Hockey rink
685	Zone 1	I have no way to safely travel to any parks outside of my subdivision due to Berthoud having ZERO trails or sidewalks connecting areas
690	Zone 1	Ice bath and Trails connecting so we can ride bikes from our home to the park.
6	Zone 1	More trails at carter/chimney hollow or anything west of town that's not flat
875	Zone 3	Multi-generational
629	Zone 4	N/A

591	Zone 1	NA
742	Zone 4	Nature education
746	Zone 1	Not one question that even acknowledges the handicapped
824	Zone 2	Off leash dog areas
1	Zone 3	Outdoor Education Garden - Growing Spaces
10	Zone 4	Outdoor Pool
764	Zone 3	Pickleball
855	Zone 2	Racquetball courts
919	Zone 4	Shade structures and trees
2		SHADE: Tension fabric
660	Zone 4	Soccer fields
665	Zone 4	Some sort of water play/cooling feature
781	Zone 4	Standard lap lane lengths for comoetition
727	Zone 4	Steamroom / Sauna
813	Zone 1	Swim beach outdoor water activities in reservoir or other water play areas
58	Zone 3	Trails
903	Zone 2	Trails connecting Hammond Farms to Loveland and Berthoud Reservoirs
905	Zone 2	Waterfront Access

Q19: What other potential new amenities should the Town consider adding to the list and why?

Respondent ID	s_area	Response
79	Zone 1	1) Bike/walking trails connecting zone 1 with downtown Berthoud (crushed gravel is adequate). 2) Pedestrian crossing across Berthoud Parkway using Urban Place/Grand Market Ave is EXTREMELY hazardous! Please improve safety
206	Zone 3	9 hole golf course, improved connections between trail systems, sidewalks
408	Zone 4	A bigger pool! Don't take out the old baseball fields at Town Park, it's so sad, our kids and grandkids played there , it's hard to see it go!
237	Zone 2	A couple of really good restaurants, Natural Foods grocery store
573	Zone 2	A dedicated senior citizen center. (except for a small # of activities at Waggoner) Berthoud has no amenities specifically for seniors.
542	Zone 2	A lake we can kayak - clean
432	Zone 3	A sauna next to the adult to the adult lap pool indoors, a disc golf course sounds really fun also
155	Zone 2	A senior center
641	Zone 4	A senior center specific for the seniors to use and possibly rent out to the community for events. It's sad what they have today.
61		A ski resort would be a must 🏂
866	Zone 4	A sledding hill for the winter.
879	Zone 2	A splash pad(:
127	Zone 1	A trail or sidewalk that connects zone 1 and zone 2 to Berthoud proper without having to walk on highway and will allow easy and safe crossing of Hwy 287. This is a must!
115	Zone 2	A trail system to bike or walk on around Berthoud
858	Zone 4	Access to fishing & boating.
234	Zone 2	Access to lake for paddleboarding and kayaking
894	Zone 2	Access to Loveland reservoir Discounted parks and rec rate for residents Daily passes should not expire if paid for
768	Zone 4	Acquire lease around Bacon Lake and allow fishing and trail around it
140	Zone 2	Activities for y youth ages 13-17. Rec center does not offer many for this age group
787	Zone 1	Adaptive programs and/or equipment for those who have mental and physical disabilities as there are few options for recreation participation at this time
704	Zone 4	Addition to rec center. Allows for open gym to continue so there are more multipurpose gym space for youth sports, fitness classes, pickleball and volleyball. Allows for more options.
349	Zone 3	Adult outdoor shuffle board, bocce ball, horseshoe pits, chess tables, batting cages, miniature golf
582		Agricultural open land maintained as a working farm, the beauty is real and without agriculture continuing, land becomes fallow, prairie dogs potentially carrying fleas with bubonic plague, and packs of coyotes move in to hunt at times, threatening or harming children and families.
23	Zone 2	Amphitheater/Music stage would be amazing to support local musicians and the arts in general for all ages.
684	Zone 4	An adaptive park that is inclusive for ALL children and abilities.
190	Zone 4	An amphitheater would be amazing. Family friendly outdoor spaces, a community beer garden would be fun
518	Zone 4	An area devoted to vegetable/garden spots for residents to use for personal use. Provide amened soil and water
499	Zone 1	An interactive trail for young kids to engage their minds while parents walk
129	Zone 4	An open space with an off-leash dog area. Current list is focused on families with kids. More households in CO have dogs (65%) than children (59%). An off-leash area/large dog park would make Berthoud a destination for dog owners. Something like Bohn Park in Lyons or Cherry Creek in Denver

52	Outside the Town of Berthoud limits	An osprey nest pole adjacent to Loveland reservoir and trails around the reservoir.
1	Zone 3	An outdoor educational space for growing herbs, food, etc with a small gazebo to gather groups for lessons.
533	Zone 2	An RC track car track as it is something lacking in CO and could become an attraction like the bike park!
509	Zone 2	Art studios for painting classes, pottery, figure drawing, etc. Important activities for youth and adults year-round, not everyone can or wants to participate in athletics.
425	Zone 2	Batting cages
556	Zone 2	Beach area on Loveland Reservoir
241	Zone 4	Beautiful shade trees, xeriscape gardens, benches for our sanity and peace
758	Zone 4	Better connections of bike lanes to trails/safer bike lanes
564	Zone 1	Better fishing pond
29	Zone 4	Better tie in to Longmont and Loveland trails, better options to ride bikes along mountain near gateway park, more natural walking trails (too much concrete)
410	Zone 4	Bike and running trails that connect. The current trails are short
91	Zone 4	Bike lanes on streets. Cut down on driving, safety. Less road noise
367	Zone 4	Bike paths which connect to the larger Front Range system such that one can safely commute via bike lanes on the road would be ok, too
159	Zone 2	Bike racks. People interested in gardening can form groups or help (volunteer) to assist with beautification of various projects
464	Zone 4	Bike trail connecting to Loveland trails
478	Zone 4	Bike trail connections to Loveland and Longmont
733	Zone 1	Bike trail network where permissible to allow for safe family travel through town and to various parks/rec center with as little interaction with vehicle traffic as possible. Or expand existing sidewalks to connect north and south of 287 and north on berthoud pkwy up to the light at the second roundabout (By apartments/north edge of zone 1)
516	Zone 4	Bike trail to Carter Lake, Loveland Reservoir access for paddleboards
404	Zone 1	Bike trails to Loveland and Berthoud from the north to town!
194	Zone 4	Botanical garden or arboretum, we are the garden spot and it would provide a family place to be outdoors with trails and native plants and flowers
902	Zone 4	Clean up the existing Hillsdale Park which is completely choked up with cattails. Most bird species have abandoned the area and it s no longer a beautiful natural area, but rather, an eyesore.
145	Zone 3	Climbing wall to encourage young people to peruse the rock climbing sport here in Colorado
818	Zone 4	Community garden or fruit orchard to utilize for community events and social events.
278	Zone 1	Community meeting place to hold medium/large crowds
782	Zone 1	Complete the planned park in the Prairie Star community.
557	Zone 3	Connect bike trails to Loveland
124	Zone 4	Connect trails in town- expand trail system
301	Zone 2	Connecting bike trails
777	Zone 1	Connecting bike trails between Berthoud and Loveland - riding on the side of Berthoud Parkway is not safe for adults or children. Need safe walking/biking access to Rec Center and other parks.
189	Zone 4	Connecting bike trails to Loveland
829	Zone 3	connecting trails to parks - examples 1. rec center to bike park along reservoir 2. rec center to TPC, 3. rec center to Berthoud reservoir. 4. trail from downtown to I25 along side hwy 56. It would be very helpful and desirable to have a system of trails connecting parts of town to the rec center
415	Zone 4	Consideration for the senior population
843	Zone 2	Continue to support the new Berthoud Adaptive Park at E. Michigan and Dorothy!!
158	Zone 4	Continued upgrades to skate park to bring in more people from the area and align with bike park facility quality

164	Zone 4	Covered shade areas
689	Zone 4	Create a mountain bike trail alongside the Little Thompson river.
886	Zone 3	Create indoor/outdoor pool facility so use year round and versatile. Build facility to host year round competitive and recreational fitness and ice sports (hockey, skating, curling, etc.).
615	Zone 4	Dedicated indoor basketball courts for competition. Not used for volleyball pickleball etc etc
485	Zone 1	Dedicated senior center building
51	Zone 1	Dedicated space for senior citizens, either a building or space within a building so they can store things such as pots pans or other equipment they use for themselves or fundraising, not something they would have to rent for an hour and vacate right afterwards because its scheduled to be used by someone else
373	Zone 1	Designated bike trails to connect all of the zones
756	Zone 4	Dog park in the south east corner of Farmstead, where Nebraska veers north, near ECO Metalworks. There is a great spot.
333	Zone 4	Dog park that connects to walking path and playground
332	Zone 1	Dog park with swimming for them, lakes for families to swim in
729	Zone 2	Dog park with water entry into lake
46	Zone 2	Downtown water feature/splash pad, Ice hockey-huge need for kids who go to other towns, amphitheater for live music, gazebo downtown, school competition pool
506	Zone 4	Driving range open to public, putt putt golf
492	Outside the Town of Berthoud limits	Enough pool space so the senior water classes aren't cut back to make room for seasonal swim classes
106	Zone 4	Every other rec center has a sauna or steam room, why does the Berthoud Rec Center not have one?
174	Zone 4	Expand trail system, add more dog waste stations that include poop bags and trash cans
585	Zone 2	Expanded regional trails that connect
532	Zone 1	Extending the trails to go under the bridge at 287 and Berthoud Parkway
2		Family Dressing rooms at the pool....4 isn't enough SHADE Racquetball
250	Zone 1	Finish trails so people can commute safely through the entire town. 287 dangerous as can be!
269	Zone 4	Fishing areas to help us enjoy the outdoors
479	Zone 2	Fishing at Richardson Farm Park. Outdoor bouldering wall, archery range
273	Zone 2	Fix our streets and drainage
43	Zone 4	Focus on amenities....that we do not already have. Outdoor pool before another indoor pool for example.
390	Zone 3	Food truck park so multiple trucks can line up like they do at Grace Place complete with picnic tables and trash cans
873	Zone 1	For fun adult sports leagues/ beer leagues, less competitive more social activities are good for engagement and health. Pickleball tournament would be a good way to promote the courts next to the rec center. Small golf course/executive course or even just a driving range, tpc Colorado is too expensive for an average household so having a cheaper/less professional course would be allow for higher engagement.
281	Zone 4	Garden spot infers gardens and lots of them
740	Zone 1	Gardens
742	Zone 4	Golf course. There isn't an affordable option close by.
613	Zone 3	Grass dog park!
437	Zone 2	Gravity Rail Playground
845	Zone 4	Gymnastics Gym/equipment
764	Zone 3	Hammock poles to relax and look at the mountains.
217	Zone 4	Having the Rec Center open earlier
118	Zone 4	Hockey/ice rink

717	Zone 4	I am still very interested in the archery range that was proposed in the PORT Master Plan. Both for my own personal use and for being able to teach kids archery.
875	Zone 3	I believe an outdoor pool with full options for multi-generational offering picnic areas and concession during open season
602		I can't think of anything at this time.
307	Zone 4	I can't think of anything else, these are great!
571	Zone 2	I have no way to safely travel to any parks outside of my subdivision due to Berthoud having ZERO trails or sidewalks connecting areas
685	Zone 1	I have no way to safely travel to any parks outside of my subdivision due to Berthoud having ZERO trails or sidewalks connecting areas
101	Zone 4	I love the idea of an outdoor pool. I know it's difficult to find lifeguards, so please offer free classes for those interested in being lifeguards
671	Zone 1	I think it would be super neat if community parks or natural areas had places/stands where folks can bring hammocks to enjoy but not damage any of the trees or surrounding areas by putting one up.
339	Zone 2	I would hope that the town would have more consideration to the "senior" population and possibly include facilities for use by seniors. There are more and more of us every day
677	Zone 2	I would only add that some open space have gazebos or some type of structure where you would get out of the sun or host bday parties ets
228	Zone 3	I/we love the Arboretum plan at Waggener Farm Park. Do it!
690	Zone 1	Ice bath for thermal therapy. Trails connecting the town.
761	Zone 4	Ice rink
284	Zone 3	Ice rink and outdoor pool would be awesome! Also, a trail to get to the new park safely would be good
812	Zone 4	Inclusion of more of these ideas in the final decision to build -- including a winter outdoor skate park and public park places for musicians to perform and shaded space to view the performances.
439	Zone 4	Indoor soccer. There once was a pitch in Windsor, 3 in Fort Collins. They've been converted to basketball courts or fitness centers. Only the future legends is available in Larimer County
267	Zone 4	Indoor walking/running path above the gym, like the one at the Funplex in Greeley. This would be a favorite
304	Zone 4	Just a comment- I would use the dog park but it's always FILLED with poop (not picked up). Unsure how to fix this, but I don't want my dogs running around in poop.
545	Zone 3	Just think it's really important to have an outdoor pool for anyone in Berthoud to attend
616	Zone 1	Lakes to paddleboard on
504	Zone 3	Large outdoor pool with concession and amenities for all ages
347	Zone 4	Leave it alone, quit wasting money
688	Zone 4	Less "curated" playground with more natural structures.
498	Zone 4	Let's concentrate on limiting the growth
551	Zone 4	Local concrete + dirt trails to connect to regional trails (Loveland, etc)
325	Zone 3	Lower costs on Rec Center
675	Zone 1	Major League baseball team - because we don't have one in Colorado. ☹️
746	Zone 1	Make everything accessible to wheelchair users and provide a way for us to get to these places with our wheelchairs that doesn't include us having to ambulate on the bloody roads with cars.
804	Zone 3	Merging with the library district, because it provides a lot of community activities and services that could be coordinated with towns services. Consider?
323	Zone 4	More ADA accessible items. I once asked for ADA swimming slots at Berthoud Rec and was ignored
855	Zone 2	More bike lanes around town to make it easier to enjoy nature and not get run over by cars and more 4-wheeling accessible areas
554	Zone 4	More bike-able and run-able areas. Thank you :)
242	Zone 3	More consideration to seniors/adult health - maybe no kids under 18 in these spaces. We're paying taxes!

473	Zone 4	More dedicated bike lanes and added paved shoulders on CR8 and CR10 so road bikers can safely enter/exit town to ride on country roads
785	Zone 4	More dedicated open spaces would be superb
42	Zone 4	More dirt trails for bikes
617	Zone 3	More indoor basketball for kids in the winter.
878	Zone 2	More inexpensive things for the kids to do. Cheaper passes to Rec and pool for us low income families.
743	Zone 3	More natural or man made shade in high use areas. There are a decent number of places we can't use in the summer because they are just too hot. Some shade should be nice.
166	Zone 3	More open space. Stop building ugly housing developments that have zero character
849	Zone 4	More open spaces to break up the future area
893	Zone 3	More outdoor public restrooms in the new facilities for festivals especially
422	Zone 1	More playgrounds especially in the newer areas in Berthoud. I love the amphitheater idea. Maybe the high schools could perform music programs and even schedule some plays (or a talent show). I'd like a bike trail that I could ride my eclectic bike on. More community activities in the parks - like craft shows, art shows, etc.
646	Zone 4	More public bathrooms
650	Zone 3	More running/walking trails that link up and that you can do more than a couple miles on!
231	Zone 4	More tennis courts with lights, lights for pickleball and more of those courts (another 8). Disc golf is the biggest park amenity that is totally lacking here. It makes for affordable family fun!
358	Zone 1	More trail connections
99	Zone 4	Most if not all of the new communities with young households will/may have HOA pools. Please consider this with other demographic data
544	Zone 4	Mountain biking trails for beginners and intermediate bikers. Currently, if you're not on a high school team, you have to drive to Loveland.
548	Zone 4	Movies (to enjoy as family) in the park/concerts interconnected trails (to get around safely)
328	Zone 2	Multi use trails and spaces are more versatile and reach a wider range of people. We HAVE dog parks and pickleball. Let's reach people who feel disconnected
889	Zone 3	N/a
702	Zone 2	N/A
604	Zone 1	Na
844	Zone 2	Na
251	Zone 2	Natural seating areas using rocks and logs. Make it easy to travel on bike and feet
143	Zone 4	Nature parks like McKay Nature Park
259	Zone 1	Need more trails
162	Zone 3	Nice, air conditioned schools for all the families you're attracting, because of Berthoud's awesomeness for young families
378	Zone 4	Noise ordinances
69		None
850	Zone 2	None to add.
711	Zone 2	None we need to stop promoting growth until the infrastructure is in place.
26	Zone 3	NONE. NONE. NONE. This is a BS survey and is self serving for development. It's not objective and unfair to those WHO DO NOT WANT ANY MORE facilities!
834	Zone 1	None. Spend the money to reduce sewer water and taxes.
536	Zone 1	Not sure, still getting to know the area
824	Zone 2	Off leash dog areas with grass and trees, not a tiny rectangle with gravel and useless plastic tubes. Also side walks and trails connecting neighborhoods to the amenities so that children/ families can get there safely on foot, bikes, skates, etc.
665	Zone 4	Offstreet connectivity to the Colorado Front Range Trail/Loveland trails. Surface crossing at 287/berthoud parkway and 287/Co state hwy 8 (mountain ave) is terrifying on a bicycle.

292	Zone 1	Open Loveland Res to public fishing, paddleboarding
152	Zone 2	Open space
169	Zone 4	Open space with the buildings, etc. Preserve mountain vibes
801	Zone 4	Open space, too many new homes and not enough open space
113	Zone 3	Open space/natural areas
629	Zone 4	Outdoor area to show movies in the park during the summer months 4th of July Celebration park ( to view fireworks)
10	Zone 4	Outdoor pool
131	Zone 4	Outdoor pool
859	Zone 3	OUTDOOR POOL! The town needs an outdoor aquatic area to replace the old town pool. It was such a fun Summer gathering place for families, friends, and the community and we need it back! Please consider adding a new outdoor pool soon!
449	Zone 4	Outdoor splash pad for kids, outdoor leisure, shallow pool for dogs
343	Zone 4	Outdoor swimming anywhere
375	Zone 1	Outdoor water feature/park like a feature, maybe captured in "water sprays with interactive play features," but nice if was like free/open air
727	Zone 4	Outside of adding a steamroom / Sauna a nature park for sculptures with a water feature would be great.
624	Zone 3	padded floor room for gymnastics/martial arts classes etc.
915	Zone 3	Parks with swings that are for kids and adults with special needs.
84		Peaceful meeting spaces allow residents meet/share/can also do simple exercise - physical and mental
870	Zone 1	Pergola and area for weekly summer concerts and gathering spots. A central town square type.
80	Zone 2	Pet waste stations both throughout the town and neighborhoods
205	Zone 4	Picnic area, good for families and small gatherings, area for community gathering like the old community center
716	Zone 4	Places to go paddleboarding, and connect our trails to neighboring cities so we can go on longer routes safely!
811	Zone 1	Playground, splash pad, biking/hiking trails.
85	Zone 4	Please add bike trails that would connect to Loveland's trails, without using local roads- SAFETY!
246	Zone 4	Please build more blue features and trails at the bike park and more more trees!!! Most riders are intermediate
581	Zone 2	Please buy Loveland reservoir and make it public. It is currently wasted and not used by private owners.
505	Not shown on map	Please figure out a way to connect more town sidewalks and trails. Most of them dead-end to nowhere!
591	Zone 1	Please make shade via trees or structures a priority in any new park or outdoor space
795	Zone 1	Please please please put a competitive swim pool in our community!
297	Zone 4	Please take into consideration water use and using native plants and planning things that are low watering
220	Zone 4	Pool areas for water aerobics- hugely popular at Chilson in Loveland. Many seniors in town who followed their grandkids from other states, amenities should keep that population in mind.
252	Zone 4	Pool features for upper elementary and middle school age kids. These are sorely lacking in the current Rec Center
798	Zone 2	Pools, both children and adult, water spray, and slides
402	Zone 1	Protected bike paths and repair stations. Berthoud is relatively small and should support carefree options for kids, elderly, and exercise
153	Zone 4	Public bathrooms
244	Zone 4	Public fishing lake, go cart track, pool/billiards hall, game tables at the park
434	Zone 4	Public golf course
651	Zone 2	Public golf course
668	Zone 4	Public walkways and trails.

863	Zone 1	Racquetball courts, if you're asking.
838	Zone 4	Rock climbing gym/area; more shade outdoors, saltwater pool
212	Zone 4	Rock climbing wall(s), ice climbing in the winter
218	Zone 1	Rock climbing/bouldering wall, nature center
529	Zone 4	Running/gravel trail connectivity throughout town
302	Zone 4	Safe bike trail - Loveland to Berthoud to Longmont!
396	Zone 1	SAFE walkways from Prairie Star across 287 South to Berthoud Reservoir
436	Zone 2	Sand volleyball at the aquatic park. Have the Berthoud Marina on Loveland Reservoir
361	Zone 4	Sauna or cold plunge
643	Zone 4	Sauna, great health benefits and part of many athletic centers and gyms
216	Zone 2	Schools, sewer treatment plants, water treatment, electric and gas infrastructure
426		Sculpture parks, more trails!
355	Zone 4	Second rec center for eastside with all the new planned development
364	Zone 3	Senior activity area/low impact
368	Zone 4	Senior Center- lots of older people in Berthoud. What is there for them?? An amphitheater would be wonderful!
66		Senior citizen related items. Indoor and outdoor pool with senior only times
291	Zone 4	Senior community center. An interactive building - information on wildlife, climate - the people who were before us
75	Zone 2	Shade structures
661	Zone 4	Shaded areas for sitting in the parks, for example, seating that has an overhead canopy
874	Zone 4	Shady reading areas at the park! Walking area,
261	Zone 4	Shady trails, sitting areas
526	Zone 1	Shady walking trails
881	Zone 1	Shooting range
589	Zone 1	Shooting range, archery range
802	Zone 1	Sidewalks that connect berthoud parkway with 287; bike specific lanes
775	Zone 4	similar to an ice cream truck: a margarita truck!
6	Zone 1	Single track trails for both hikers/bikers/equestrian. Progressive mountain bike only single track with significant elevation change west of town. Make loveland reservoir public and usable to stand up paddle boarding.
559	Zone 1	Sledding hill
638	Zone 4	Sledding hlll. Year round bathrooms and water fountains
401	Zone 1	Splash pad! Sandbox, Shade!
612	Zone 4	Splash pads, outdoor, great summer activity to cool down
568	Zone 3	Steam Room (we would use that all the time!), As many bike trails as possible (really needed)
813	Zone 1	Swim beach or water activities at reservoirs. Giant kids park with huge zipline. Park similar to lions with the water feature. And giant swings.
173	Zone 4	Tennis walls- to play by yourself- practicing. Concessions on a bike or trolley that sells ice cream/sodas at the various parks when events (soccer, flag, kickball) are happening
861	Zone 4	The 55' Carousel!! It would be the coolest attraction ever for all ages!
501	Zone 2	The current rec center needs to be enlarged
413	Zone 2	The rec center should offer a "couples" yearly admission between single and family. They should also limit ages in weight areas to 16... or put an adult only area/hours
521	Zone 4	The town has outgrown everything and to hear you are building more homes. We no longer enjoy the rec because there are too many people. Not enough seats, etc. Think about the future, not current state
427	Zone 3	The town sidewalks are not friendly to residents older than 65
303	Zone 1	Theater/movie theater

614	Zone 4	There are currently no FULL size 11v11 soccer fields in Berthoud, besides the high school field. This inhibits the growth of the sport in this town. We could host CSA sanctioned soccer games and events in town if we had some fields to accommodate older players needing a full regulation size field and smaller fields in the same place. Bein park is not quite big enough for a 110-120 x 70-80 yard field.
179	Zone 2	These are all great ideas to keep the community growing and keeping people outside! Maybe water fountains in some places
111	Zone 1	Trails connecting neighborhoods to main trails
800	Zone 3	Trails connecting to communities like Loveland, Johnstown and Longmont. Many communities around the U.S. have multi-use trails that extend for many miles and connect area towns. I know that rails-to-trails possibilities are currently very limited in this area, but something akin to that would provide great access to all types of exercisers.
161	Zone 3	Trails for biking to keep people safe from car traffic, especially to connect to nearby towns and open space
296	Zone 3	Trails that connect to Loveland and Longmont
177	Zone 1	Trees on walking trails
351	Zone 1	Underpass under 287/Taft Berthoud Parkway!!
346	Zone 4	Venues that allow gatherings of groups to increase the sense of community
510	Zone 4	Wading pool. Nice way to cool off in summer
21	Zone 2	Walking path with nature/gardens/stretching areas
903	Zone 2	Walking paths that connect parks to both reservoirs (Berthoud and Loveland) so we don't have to walk on the street with children or ourselves.
262	Zone 2	Water fountains at parks, trees around all facilities
748	Zone 4	Water park, bowling alley, martial arts school, park with food trucks, go kart track, campground, fishing lake
219	Zone 4	We are against expensive to maintain uses, such as golf courses for the few. Many Berthoud residents are retired, how about us? We don't see many uses for us
168		We are very hopeful for the Berthoud Arboretum
731	Zone 4	We cannot think anything else. Thank you.
185	Zone 4	We need a bigger library, not ballfields
389	Zone 2	We need more senior pool exercise classes
33	Zone 4	We seem to have enough athletic fields in Berthoud and the surrounding community. We need an outdoor pool to keep kids and teens entertained in the summer.
126	Zone 4	We would love a dry and steam sauna at the rec center. My husband would visit the facility more frequently with this amenity
807	Zone 3	Well I know these are already in the works with the big adaptive playground project and that the new equipment at Berthoud park will be adaptive but we cannot emphasize enough how much it means to have adaptive and accessible equipment so our 2.5 year old son who has a physical disability can play with his peers! Please continue to keep this in mind!
233	Zone 2	When will we ever get a bike trail through the golf club? This was promised in the planning stage, and still to today no access from 10E Bridge - which effectively cuts it off as you would have to cross 287. The town bent over backwards to give the Heron Lakes people everything and the town residents got nothing!
362	Zone 4	While there are a ton of facilities for kids, rightly so, there are few/zero for us old people
697	Zone 1	Why can we not use each other's towns amenities? That's the point t if small towns we have Longmont and loveland right beside us. Let's get things they dont have instead of competing with each other. If we have it and they do not, they will come here and spend money. And vice versa, like why are we berthoud and cannot go to berthoud schools? We need to be a NOCO community, each town bring something to the table for the community, not each town have the exact same things.
276	Zone 2	Wind screens for pickleball courts
345	Zone 1	You covered a variety of interest in this survey
411	Zone 4	Your youth needs fields and courts

**Q20: With \$5 increments being the smallest amount you might use, if you had \$100 to spend on parks and recreation facilities, services and/or programs, how would you allocate that \$100 across the following categories?**

Respondent ID	s_area	Response
855	Zone 2	4-wheeling such as side by side trails
711	Zone 2	A large outdoor pool
636	Zone 1	Activities and groups for younger children (2 and under) and families
661	Zone 4	Add better playground equipment to existing parks
607	Zone 4	Additions to fitness/weight space or added facility
8	Outside the Town of Berthoud limits	Bigger indoor pool for swim meets, etc.
2		Bigger Recenter Like Chilson...racketball, gymnastics, room for the martial arts
861	Zone 4	Carousel
610	Zone 4	Cleaning
854	Zone 1	Create outdoor venue for summer performances
51	Zone 1	Dedicated building/space for Senior Citizens
615	Zone 4	Dedicated indoor basketball courts
713	Zone 3	Disk golf corse
6	Zone 1	Disk golf course
598	Zone 1	Dog park
800	Zone 3	dog park improvement
768	Zone 4	Easement around Bacon Lake
704	Zone 4	Gym additions
564	Zone 1	Improve fishing ponds
29	Zone 4	Improve natural spaces that already exist, not just preserve
781	Zone 4	Lake access
675	Zone 1	Link bike paths that don't include roadways.

588	Zone 4	More fitness courses
843	Zone 2	more silver sneakers classes
550	Not shown on map	Nature preserves
691	Zone 4	None
26	Zone 3	NONE!!
877	Zone 2	Out side Pool
858	Zone 4	Outdoor Music Venue
763	Zone 1	outdoor pool
559	Zone 1	Outdoor winter activities
729	Zone 2	Pool with 6 lanes, 25 yards long, indoor
746	Zone 1	Providing a way for wheelchair users to ambulate around the town and within all of these wonderful places that you all have zero fucks about making available to the disabled.
834	Zone 1	Reducing taxed
611	Zone 2	Saline pool
670	Zone 4	Sauna
727	Zone 4	sauna / steamroom
573	Zone 2	Senior Center
627	Zone 4	Silver Sneakers classes
665	Zone 4	Stop mowing areas with native grasses (ditch running thru town).
50	Zone 4	tickrt off leash dog owners not picking up dog crap
25	Outside the Town of Berthoud limits	Trails to town

Q21: Do you have any comments on your responses to the previous question?

Respondent ID	s_area	Response
351	Zone 1	287 underpass
459	Zone 4	A town this size should have a senior center, outdoor pool needed, indoor pool too cold
863	Zone 1	Accessibility from prairie star to any of berthoud's park offerings requires a car. I would like to be able to ride my bike to the bike park but this currently requires navigation of a two lane roundabout and the berthoud pkwy/287 intersection.
145	Zone 3	Add trees wherever it is cost efficient
759	Zone 1	All neighbourhoods should be connect by trails and crosswalks through the community. Pool access Indoor and Outdoor is insufficient for the size of community and future growth.
486	Zone 3	An adequate swim team facility to encourage youth and high school participation as well as adults
61		An outdoor pool would be so fab, I think we all miss the old one. Some shade would be nice though.my dogs would like a grass covered dog park.
655	Zone 4	Baseball complex and outdoor aquatics
887	Zone 2	Berthoud is growing and having trails and open space is something everyone can enjoy with no expense required as a family
269	Zone 4	Bike trails to connect to Loveland/Longmont
357	Zone 4	Community and connection are vital
782	Zone 1	Complete the planned park in the Prairie Star community.
573	Zone 2	Creating more trails and dedicated open space will keep Berthoud's small town feel without stifling growth.
331	Zone 3	Desperately need sloped entry to a lap pool
50	Zone 4	enforce the park and vtrail laws
850	Zone 2	Excited to see the results of this survey.
170	Zone 1	First, maintain and improve what you have. Also, add more to accommodate the growth
624	Zone 3	Future developers should be compelled to contribute more recreation amenities.
861	Zone 4	Give the carousel a fighting chance!
602		Great survey
184	Zone 4	Have to engage all community members
773		How do we keep the teenage kids from destroying our nice parks and recreatio al places. Very concerned. Please have security cameras
328	Zone 2	I assume the new "Richardson Farm" would fit for the second choice
607	Zone 4	I feel there's a need for more additional space for adult workout facilities.
571	Zone 2	I have no way to safely travel to any parks outside of my subdivision due to Berthoud having ZERO trails or sidewalks connecting areas
685	Zone 1	I have no way to safely travel to any parks outside of my subdivision due to Berthoud having ZERO trails or sidewalks connecting areas
813	Zone 1	I hope the arbor park is going to happen. I am so in love with that plan that included the water feature, shade, walking trails, and community garden.

706	Zone 1	I just want to say that Dog Parks are a disease breeding ground and should not be put in, we have enough as it is.
733	Zone 1	I love what has been done with our parks and rec in this town. Please keep it up. A lot of bike riders live here and many families enjoy the amentities, please keep them maintained and dont start charging fees to use existing parks
717	Zone 4	I see preserving open space and more pathways/trails as going hand in hand. I realize many of these would likely be gravel surface trails, but that would be a big improvement for biking, running and walking options that are not adjacent to roadways.
599	Zone 3	I think it is important to maintain the feeling of open space in part for the health of nature and in part to maintain the small town feel. I also think managing what we already have is important. It seems that the maintenance crew is spread fairly thin... they work very hard, but it doesn't seem like there is enough staff to fully keep up. Continued expansion would need to include hiring more staff for maintenance. This needs to be considered.
763	Zone 1	I think it would be great to have an outdoor pool that is reasonably priced to get into.
906	Zone 1	I think we need to stop building houses/living developments
2		I want to see park and rec plans on the town page. The old ones, current, in progress, future.
347	Zone 4	I won't spend a dime
618	Zone 2	I'm looking out for the interests of the youths and elderly in our community
818	Zone 4	If new parks and natural spaces are going to be priority then trails and bike paths to and from neighborhoods across Berthoud to access them have to be a priority as well
105	Zone 1	I'm sure there's more offerings
538	Zone 4	I'm too old to participate in most of this
257	Zone 1	Imperative to maintain
389	Zone 2	Important to prioritize young kids' needs
86	Zone 4	Is this incremented spending or all inclusive of current dollars spent
868	Zone 3	It would be nice if the rec center had a membership for two adults in the same home (spouses).
629	Zone 4	It's a little confusing- hope I answered correctly
6	Zone 1	Its a Tough job making everyone happy with x amount of dollars
888	Zone 4	It's unclear for the "future" questions if this is assuming adding to what already exists or if it is considering removing or reallocating in favor of different, future state.
188	Zone 1	Keep the young people busy, support the teams
222	Zone 1	Lap lanes are always too busy
435	Zone 3	Looks like you are not looking out for seniors
829	Zone 3	loveland, ft collins, parts of longmont and boulder have extensive excellent trails connecting parts of town and berthoud should invest in this as well
665	Zone 4	Maintaining natural resources/beauty of Berthoud is of utmost importance, its a gem of natural beauty.
217	Zone 4	Make an outdoor pool
44	Zone 4	Make the Recreation center more financially affordable to those of lower income.
841	Zone 4	Miss the outdoor pool on a hot summer day.
554	Zone 4	More outdoor running / biking areas would be great, thank you

358	Zone 1	More trail connections
804	Zone 3	More trails in nature areas with natural surfaces like Hillsdale, including shade trees.
247	Zone 4	Must maintain existing facilities!
345	Zone 1	Nature is important
42	Zone 4	Need outdoor pool
828	Zone 4	Need senior aquatics
425	Zone 2	Need senior programs and classes
600	Zone 3	Nice baseball fields with lots of shade. Like Greeley Sports Complex. No more dog parks, people don't pick up after their dogs.
21	Zone 2	No
25	Outside the Town of Berthoud limits	No
43	Zone 4	No
598	Zone 1	No
748	Zone 4	No
632	Zone 1	No more stupid pickleball courts, no one ever is using them when I drive back. How much better would a pool for a swim team have been for this community? What a waste of taxpayer money.
335		No new houses/subdivisions
731	Zone 4	No.
800	Zone 3	No.
866	Zone 4	No.
661	Zone 4	None
806	Zone 4	None
844	Zone 2	None yet
491	Zone 4	Not necessary to add money
164	Zone 4	Open space does not include tree lawns and pocket parks
794	Zone 4	outdoor pool
833	Zone 2	Outdoor pool with swim lanes and diving boards
251	Zone 2	Outdoor public pool is a must!
45	Zone 2	Pickleball courts are becoming very popular with people coming from neighboring towns. Should renovate tennis courts or add more
812	Zone 4	Please connect Berthoud to Loveland so people can walk or bike to Loveland and connect with Loveland trails as well. Loveland trails encircle the whole city and connect to Fort Collins and Berthoud should be able to connect to the Loveland trail access areas safely and in a way that is not on roads with traffic.
385	Zone 4	Please get a new outdoor pool!
901	Zone 3	Please increase walk/ bike-ability :)
367	Zone 4	Please invest in safe bike commuting
727	Zone 4	please preserve and add to our open space. we have such beautiful views that you cannot get anywhere. Also adding a sauna would be great at the rec center for after a workout or just to relax. The Chilsen Center has a great one but it is far to travel.

33	Zone 4	Please prioritize an outdoor pool for our community
408	Zone 4	Please, please a Senior Center!
12	Zone 3	Pool and recreation for adults, including aquatherapy options are very important
416	Zone 1	Prairie Star is looking trashy- please fix
118	Zone 4	Preserve natural areas and add more grass
361	Zone 4	Preserve open space!
240		Realistically no money available
625	Zone 4	Rec center workout/weights area is too small for number of folks using it. Expand space and equipment.
594	Zone 2	Regional bike trail expansion to include safe neighborhood connections
641	Zone 4	Remember the seniors who are neglected today. No more bike stuff. Finish the sidewalks especially on Welch.
539	Zone 4	Seems to me maintaining existing streets to protect our vehicles keep our teeth from rattling every time we drive on 10th Street deserves a look. Some one at town hall was "in touch" with someone to look at this but as usually, nothing was done
518	Zone 4	Senior population growing. Provide more programs for them and places to go
751	Zone 4	Should have a Bicycle trail/path/road lane to Longmount. Easy to bike to Loveland but to Longmont not so much.
273	Zone 2	So you want us to pay if used?
635	Zone 4	Spare no expense, we need more parks big, small and everything in between. More trees, more playgrounds more everything
716	Zone 4	Sports programs are small and lackluster
834	Zone 1	Stop spending on games and toys. Reduce taxes and utility fees. People can't afford food housing and healthcare
26	Zone 3	Stop wasting \$ on things that no one uses
847	Zone 4	Strongly disagree with using artificial turf on athletic fields unless very heavy and varied uses requires it. Even then, confine it to only 1 or 2 fields.
40	Zone 2	The current dog park is too hot. I know some little trees were planted. But it is not a very inviting space. Also we need a big pool in the community, focused more on exercise
321	Zone 2	The current pool is very crowded
568	Zone 3	The less cement...the better (parking lots)
62	Zone 3	The path from west of 287 into town is needed
27	Zone 4	the pickleball courts urgently need some form of wind reducing screen on the perimeter fence
29	Zone 4	The sports programs through Berthoud rec are terrible. Visitors to rec center that don't swim should NOT pay.
830	Zone 2	The summer swim team was very important to us as a family. I think Berthoud needs an outdoor pool and needs the capacity to restart swim team and competitions.
49	Zone 2	The town built a built beautiful facility at Waggoner Farms but the cost of using it excludes many town residents. Public funds should only be used if facilities are mostly free or inexpensive pool access to help support maintenance.
73	Zone 4	The town had a good aquatics program until you got rid of the outdoor pool. Now make it indoor to be better

636	Zone 1	There is little care given for families with young children. Activities and parks that best suite our needs are located in surrounding cities, which means we are less likely to engage in local spaces. We would prefer to engage more locally
870	Zone 1	Things are scattered now. Need master trail plan and real town square to encourage success for local business.
333	Zone 4	This should be prioritized for child safety
704	Zone 4	Too vague. Like voting in elections. I want to vote on specifics to ensure the right things are done not a go for anything they want, aquatics- should be broken by outdoor pool and splash pad and water features- too vague.
675	Zone 1	Traffic is too fast on some of the roadway bike lanes.
650	Zone 3	Trail and road runner here- we need to be able to safely run our town. Now I am heading up to Loveland and Fort Collins to run on trails would be so nice to not have to leave Berthoud.
799	Zone 1	Trail system connecting Berthoud to Loveland
318	Zone 4	Trail system is awful/disconnected
286	Zone 1	Use the money where most people can participate
615	Zone 4	Using current indoor basketball courts for too many other sports
719	Zone 3	We feel it is extremely important to provide a facility for our high school/middle school swim teams.
368	Zone 4	We have 12 parks, do something for seniors would be wonderful
1	Zone 3	We have a huge space at the front of Berthoud by Waggener Farm where the focus could be educational, showing people how to plant areas to grow food, herbs, etc. We could also have a long avenue of sweet Horse Chestnut Trees, and the orchards of other fruit and nut trees to continue the theme of self sufficiency. The whole concept of homesteading will be important in the future.
413	Zone 2	We have to do more to reserve open space
55	Zone 4	We need an outdoor pool
652	Zone 4	We need an outdoor pool again
730	Zone 3	We need free aquatic options like splash pads
915	Zone 3	We need more shops, stores, and parks that are for adults with special needs.
407	Zone 3	We need our pool back!!!
69		We really don't use anything
241	Zone 4	Whatever you do, don't take our old trees out!
697	Zone 1	Why does Bucees have berthoud address but rumor is that berthoud does not receive the tax base?
14	Zone 3	Worst decision the town made not having a competitive sized pool
160	Zone 1	Would love to have a safe pathway/trail across Hwy 287 to Berthoud
324	Zone 3	Wouldn't pay any money for anything out of pocket
122	Zone 4	Yes, and not so many houses
672	Zone 1	Yes, please let us do the same for the annual budget

Q22: What is the best way to reach you with information on parks and recreation facilities, services, and programs?

Respondent ID	s_area	Response
875	Zone 3	A town brochure showing all locations and listing offerings and costs
611	Zone 2	Annual/seasonal book
834	Zone 1	As many ways as possible
719	Zone 3	Banners over Main Street
901	Zone 3	Berthoud facebook page
882	Zone 2	Berthoud newspaper
53	Outside the Town of Berthoud limits	Bulletin board at hays
691	Zone 4	Don't bother
704	Zone 4	Emails from rec center
850	Zone 2	Flyer , Posters
685	Zone 1	I have no way to safely travel to any parks outside of my subdivision due to Berthoud having ZERO trails or sidewalks connecting areas
661	Zone 4	Mail
789	Zone 4	Mail
688	Zone 4	Newspaper
581	Zone 2	Signs around town
709	Zone 2	Snail mail
568	Zone 3	Text
812	Zone 4	Text message me
594	Zone 2	Town of rec. Fb page?
22	Zone 2	Traditional Mail brochure
746	Zone 1	Usps
665	Zone 4	USPS

Q23: Do you have any additional comments or suggestions that you would like to offer regarding parks, recreation facilities, services, and programs in Berthoud?

Respondent ID	s_area	Response
276	Zone 2	A dedicated indoor pickleball court NOT using gym flooring
288	Not shown on map	A disc golf course would be an amazing addition to the already great Town of Berthoud
813	Zone 1	A large kids play area at berthoud reservoir.
251	Zone 2	A spray park would be nice. Use reclaimed water, fun for hours for so many kids. I really think this town needs a public outdoor pool
56	Zone 3	Access to many programs/facilities feels limited due to financial barrirers
509	Zone 2	Add coffee shop/café to Rec Center; build a bigger/better dog park with grass, see Longmont's dog park; art studios
704	Zone 4	Add earlier hours to childwatch on Saturday. 8-12! 10 is super late with other sports for older siblings. Childwatch earlier during the week 7am.
669	Zone 4	Add poop stations and trash cans to walking paths/trails
332	Zone 1	Adult only swim times, limit CBD sellers at farmers market, enough already
432	Zone 3	Again I feel programs for younger, teens would be great for my daughter. Tech programs/arts programs, design
614	Zone 4	Along with my plea for soccer fields, an outdoor pool really should be priority. Summer should be full of memories at the local pool and that's not happening for many kids in town. The likes of Sunset pool in Longmont with slides, diving boards, lap lanes and shallow areas would be a great example. And concessions. Indoor pools in the summer just aren't the same.
561	Zone 4	An ice rink would be amazing
808	Zone 3	An indoor ice rink would be amazing!
778	Zone 4	An outdoor pool or water play (splash pads, etc) would be a really fun addition to all the families who live in Berthoud!
357	Zone 4	Annual art fair
847	Zone 4	Appreciate all the hard work done by the PORT and other committee members to enrich our community.
190	Zone 4	As our community grows, we NEED these added spaces and programs
582		Ball fields and outdoor courts are important for children, youth, and families in Berthoud
292	Zone 1	Berthoud has amazing amenities, more bike paths and an outdoor pool would be outstanding
159	Zone 2	Berthoud is improving itself every year. It is a charming community with lots and lots of potential
197	Zone 2	Berthoud Reservoir becomes unusable due to overgrown weeds by mid-summer - the city should fix this before new projects are started
672	Zone 1	Berthoud residents should get priority and/or discounts
751	Zone 4	Beside a bike trail to Longmount an easy safe bike lane to Carter Lake is most good. Have you biked to Carter Lake? I would NOT use the road and share with RVs and boats like on weekends.
205	Zone 4	Bike lanes that do not double as school parking. Community gathering areas - reasonable cost and easy access for seniors and groups, i.e. Girl Scouts, 4-H
568	Zone 3	Bike trails (lots of connecting bike trails)
768	Zone 4	Budget to maintain pickleball courts, including adding wind screens
578	Zone 2	Build a bigger pool, bigger lazy river, get diving boards, and build an outdoor BIG pool
155	Zone 2	Build a senior center
666	Zone 3	Build within our means
329	Zone 2	Building or taking over in some capacity all the open areas will take away from some of this city's charm!
505	Not shown on map	Cannot ask enough...we need more trails, places to walk, run, bike. Not just in town, but trails around our community as well
875	Zone 3	Can't say outdoor pool enough with season/and per use tickets, with lower costs for residents
902	Zone 4	Cleaning up Hillsdale Park should be a priority over a much higher cost potential new facility.

466	Zone 1	Complete safe bike/run trails on Berthoud Parkways
782	Zone 1	Complete the planned park in the Prairie Star community. Don't go into more debt.
258	Zone 4	Conserve water
540	Zone 2	Considering our property tax has raised our monthly payment by over \$500 month we should not have dead trees or sink holes. Snow removed...
85	Zone 4	Could the restrooms at Berthoud Reservoir stay open year round?
676	Zone 4	Create more open space
913	Zone 4	Definatly need a water feature. It would be great at Fickle park as well to draw people to down town and a place for them to just hang out downtown with something to do and to cool off on a hot day
443	Zone 3	Develop an new access road into the Bike Park, too many cars on Meadowlark
214	Zone 4	Do a better job of planning for town growth
90	Zone 2	Doesn't really apply to me don't use any of the facilities
542	Zone 2	Dog parks need grass, no gravel, adding lights to pickleball courts, place cameras on courts to catch the rule breakers before they trash services
734	Zone 4	Don't use the Rec Center as it is too expensive to join.
176	Zone 4	Electric bikes should not be on the nature paths!
50	Zone 4	enforce no motor vehicles and off leash dogs on trails in nature parks
804	Zone 3	Ensure that all trails and amenities, especially those part of metro districts, remain open to the public and advertised as such in the Town of Berthoud newsletter. It is annoying that metro districts treat those public amenities as private. It is also unfair to all the taxpayers in town when they don't have access through passive means, such as the Heritage Ridge pool.
748	Zone 4	Events at the different parks including the farmers market, holiday events, Independence Day fireworks, etc. are great uses for the parks. It brings revenue to the town and supports our local economy.
182	Zone 4	Expand the bike park
132	Zone 4	Expanding aquatics is important- lap swim and outdoor pool
129	Zone 4	Expanding trail networks to encourage walking and biking in and around town. Please consider families with dogs and make space dog friendly and expand or entrance current dog park
796	Zone 4	Facilities built with tax dollars should be affordable for all community members. I feel the rec center pricing is too high and excludes low income families.
230	Zone 2	Fine craft fairs
918	Zone 4	For city streets and trails, add dispensers with dog waste bags along with waste receptacles. For example, the southern end of South 5th Street where it meets the concrete sidewalk.
49	Zone 2	Further money should be spent to develop Berthoud Reserevoir for swimming or paddleboard including easier access and parking. Sidewalks connecting the north neighborhoods should be extended to connect the areas to the town.
645	Zone 2	Get a better and more user friendly website
761	Zone 4	Get it done! Procrastination is your worst enemy! Never forget that!
459	Zone 4	Get the parks done that have been under constructions for 2+ years done before starting new projects
624	Zone 3	Good job so far on providing additional recreation services as the town has grown.
2		Good job. If only the rec center was twice as big to have more family dressing rooms with shower, racquetball, gymnastics and martial arts room. More shade at Waggner Good job. Thank you.
912	Zone 3	Great job! You are a small doing incredible things. 🍷🍷🍷🍷
777	Zone 1	Great town with some very nice facilities - thank you!!
268	Zone 2	Great work so far!
231	Zone 4	Have parks with great expansive views of the mountains. The rec center is great but you shouldn't charge admission to parents that are only there to help supervise their toddler in the kiddie pool
77	Zone 1	I am frustrated! Town of Berthoud purports bicycle haven, but I have to cross 287. You don't care! Why bother? Please build a bridge. You approved the development knowing this, I'm assuming you don't care!
194	Zone 4	I am really enjoying the rec center and events that have been held there. We do love the community of Berthoud
713	Zone 3	I am so amazed by how well done everything in Berthoud is. I love how clean it is and how well these things bring people together. I hope this continues

541	Zone 4	I am still very upset we do not have an outdoor pool any longer and I would like to see another one added
812	Zone 4	I appreciate the work the town is doing to add sidewalks in town and connect by sidewalk parts of town that did not have sidewalk access before and improve the sidewalks for wheelchair and bicycle accessibility. Can the town create some bike trails that encircle the town that are not using town streets, off road trails that are safe from auto traffic? Can Berthoud residents have access to Loveland Lake eventually for kayaking or swimming?
722	Zone 3	I appreciate you taking the time to ask
861	Zone 4	I believe that Richardson should have more amenities for everyone.Why would we increase traffic so much for a baseball complex that would not benefit all residents and far away from downtown.
611	Zone 2	I do not visit the public pools because of chlorination. Saline pools are more gentle to the skin.
52	Outside the Town of Berthoud limits	I find it frustrating that one of our town's most beautiful spots, Loveland Reservoir, is designated for fishing club members only. I hope that when the Richardson Park is developed, consideration is given to creating a walking trail around the reservoir. Also, for those of us who live west of 287, trails to allow walking/biking safely to the rec center and other parks would mean a lot. I'm hopeful that when the Knievel park is developed there will be a safe means of crossing between that and the Richardson park. Lastly, I am curious what is happening with the Town of Berthoud trails that were included in the Heron Lakes plan, specifically those planned for the natural area between McNeil and Welch reservoirs.
571	Zone 2	I have no way to safely travel to any parks outside of my subdivision due to Berthoud having ZERO trails or sidewalks connecting areas
685	Zone 1	I have no way to safely travel to any parks outside of my subdivision due to Berthoud having ZERO trails or sidewalks connecting areas
914	Zone 4	I like what is being done so far
915	Zone 3	I love this city.
700	Zone 3	I really appreciate having all of the parks and green spaces available here in Berthoud, even if I am too much of a shut-in to take advantage of them. Some day!
497	Zone 4	I really wish there were more trash cans around town. I don't mind picking up after my dog, but carrying it around is not pleasant
98	Zone 4	I sure miss our outdoor pool!
784	Zone 2	I think you are all doing great, and the recreational spaces in Berthoud are really improving!!
312	Zone 4	I wish the town would look at their weed spraying policies and not spray weeds when kids are going to have events on field. You also need more parking at Waggener Farm Park. Turning lanes would also be nice
905	Zone 2	I would hate to see a big building block the Mountain View's north of the Loveland reservoir. Please ensure there's adequate parking for the facility.
831	Zone 2	I would like a side walk from Hammond farms all the way to the berthoud recreation center.
296	Zone 3	I would like to see more senior programs (health classes, field trips, education classes)
742	Zone 4	I would love for the fireworks budget to be spent on parks and rec. Instead of 10 minutes of noise.
843	Zone 2	I would love to see more Silver Sneakers-type classes available. Also, more instructors are needed to meet the need. The classes are very full at the Berthoud Rec Center.
618	Zone 2	I'm excited about the vision the Town of Berthoud is taking.
51	Zone 1	I've been told senior citizens make up ~25% of Berthoud's population with more moving in. If true, I think this merits a dedicated building or space in a building (not a rented room) for them to socialize, fundraise and possibly rent out for small groups as a way to fund their social activities and transportation for local tours.
249	Zone 4	I'd really like to see more marketing and community events- keep Berthoud's community feel
785	Zone 4	If open spaces and a simple approach to growth are not implemented, Berthoud will become 'North Longmont'
853		Improve connectivity between walk and bike trails and neighborhoods and parks
539	Zone 4	In general, I'd say your programs are geared to the affluent members of this community and those with influence and "connections"
150	Zone 4	Indoor pool for BHS swim team
486	Zone 3	It seems like the Rec Center in Berthoud may already be too small

867	Zone 3	It would be great if Handy Ditch channel could be preserved at the new park and/or interpretation is included to teach people about the important history of irrigation in Berthoud
463	Zone 4	It would be nice to have a wider variety of classes during the childcare hours at the Rec Center
106	Zone 4	It's been 20+ years and we still don't have a bike path to connect East5 and West Berthoud along Spartan Ave
413	Zone 2	It's not all about families with kids. The new rec center is amazing but do more to preserve/create open land
760	Zone 4	keep building parks!
735	Zone 3	Keep doing a good job
411	Zone 4	Keep doing the wonderful job you've been doing and we need more athletic facilities - fields, courts, soccer fields should have uprights for football
177	Zone 1	Keep growing! (sustainably)
355	Zone 4	Keep it up! You are doing great!
21	Zone 2	Keep making Berthoud beautiful by continuing to offer these great amenities in nature.
322	Zone 2	Keep the grass watered and check on it
156	Zone 4	Keep up the good work!
391	Zone 4	Keep up the good work!
113	Zone 3	Keep up the good work! I live here from 2002-2012 and always felt Parks and Rec took a back seat, now being back, I love the improvements!
807	Zone 3	Keep up the good work! Thank you for your help with adaptive and inclusive playgrounds!
586	Zone 4	kids gymnastics program!
237	Zone 2	King Soopers grocery store, Natural Foods grocery store
347	Zone 4	Leave it alone, quit wasting money
691	Zone 4	Let's face it, Berthoud has turned into crap. It was much better in the 1970's. Stop the growth!
536	Zone 1	Looking forward to exploring Berthoud parks, trails, rec center, etc.
228	Zone 3	Lots of "unfinished" looking "pieces" at Waggener Farm Park. Build the Arboretum and finish the park!
585	Zone 2	Love anything that promotes the community gathering together.
43	Zone 4	Love that you are looking to future and planning for improvements and additions to keep Berthoud a wonderful community to live in.
665	Zone 4	Love the additional amenities that have been implemented, you guys are ROCKING it! It's making our larger jurisdictions on either side of Berthoud wonder how a "small" town like Berthoud can have nicer park and recreation amenities!!! :) Love the surveys and multiple means of communication!!! Thank you!!!
498	Zone 4	Maintenance of what we have is more important than building new
105	Zone 1	Make community members of trails, natural parks through offerings
547	Zone 3	Make sure there is ample parking and restroom facilities at each park/open space. Trails should NOT be paved with concrete. That's a sidewalk
878	Zone 2	Make them more affordable so everyone can enjoy
343	Zone 4	Maybe shuttles from parking to events. Parking lots at schools could be used
426		More and more plants!
91	Zone 4	More bike trails and lanes connecting to Loveland
295	Zone 3	More designated bike lanes
613	Zone 3	More indoor court space; increase town staffing for additional facilities
219	Zone 4	More natural areas and open space trails. This feature make Berthoud a good place to live
801	Zone 4	More open space, have builder have less homes on land. We are a town, not a city.
212	Zone 4	More parking and signage for Town Park!
136	Zone 2	More please
82	Zone 3	More promotion in the form of Q.19 - of the parks/rec and features
210	Zone 4	More services for senior citizens like Loveland Rec Center has
769	Zone 4	More tennis courts
239	Zone 1	More tennis courts, please I have to drive to Loveland, Longmont

664	Zone 4	More town events to help grow community participation and further support for the town parks and recreation.
471	Zone 4	More trails that connect Berthoud
870	Zone 1	More transparency and communication on planning.
398	Zone 4	More trash cans, especially near the playground at Rose Farm
141	Zone 1	More trees and benches on trails and parks
267	Zone 4	More water aerobics equipment. If a new indoor pool is to be built, have at least 10 lap lanes. More water aerobics classes, we are currently overflowing and not enough classes
838	Zone 4	More weights/equipment in the Rec Center
42	Zone 4	Need outdoor pool
549	Zone 1	No
615	Zone 4	No
629	Zone 4	No
731	Zone 4	No
894	Zone 2	No
187	Zone 4	No more crap filled dog parks
866	Zone 4	No.
661	Zone 4	None
696	Zone 4	None
806	Zone 4	None
844	Zone 2	None for now
503	Zone 3	None, but we need food and shopping for shoes and other items
800	Zone 3	None.
850	Zone 2	Not at this time.
602		Not at this time. Thank you!
217	Zone 4	Not being open early enough at the rec center outdoor pool
855	Zone 2	Offer more classes such as water aerobics or yoga, etc. at night for working people (too many are during the day which limit what we can do)
717	Zone 4	Our community is growing, and while we should have invested in more open space a decade or more ago, now is always better than later. If we don't invest in parks, trails, and natural areas, we are just going to wind up as a bunch of houses in a lackluster landscape. I would much rather have these amenities here, readily accessible to everyone in our community, to improve our quality of life. Parks and trails provide opportunities for residents to connect with nature, recreate outdoors, and build a sense of community. Let's invest in creating a vibrant environment where these connections can flourish.
10	Zone 4	Outdoor pool please
544	Zone 4	Outdoor pool? How does one attend public meeting or get semi-involved to learn progress and time frame?
384	Zone 1	Over or underpass connecting Prairie Star to Berthoud. Send business/people to Berthoud, not Loveland!
558	Zone 3	Overall pretty happy with the direction the towns parks and rec departments seem to be heading!
124	Zone 4	Overall, doing a good job. Senior Center within the Rec Center with programs, etc. would be nice, vs going to Loveland
393	Zone 3	Parking! Really like 12' wide walking paths, our swim teams deserve a home town value. Are sidewalks considered in "trails" sidewalks in town are used for walking \$\$\$ to repair all sidewalks in old town area/level flagstone
168		Parks and recreation enhance our town and raise our property values. We support enthusiastically all improvements
860	Zone 2	Parks are good. Thank you for them and please keep adding them. They make living here lovely
697	Zone 1	People move here for the small town atmosphere let's not be as big as Longmont and Loveland.
166	Zone 3	Plant more trees for shade, trash cans, graffiti removal. Probably should've done this survey before hastily building the world's small rec center. It's tiny and sucks
727	Zone 4	Please add a restroom or portopotty at the dog park.
631	Zone 1	Please clean up the Berthoud dirt dump facility. It's become an eyesore for neighborhoods in Heritage ridge

892	Zone 2	Please connect the Hammond farms bike trail with the town.
690	Zone 1	Please connect the parks with trails for running and biking.
408	Zone 4	Please consider a Senior Center. The seniors lost their space 2 years ago. There will always be seniors in this town!
221	Zone 4	Please consider outdoor pool at Waggener
402	Zone 1	Please continue to invest in environmentally friendly and child-safe infrastructure that protects the beauty and value of our community
161	Zone 3	Please expand the bike trails and connect them to the nearby cities and attractions. Keep baseball field at Town Park.
511	Zone 4	Please get town park finished asap. My kids are excited to have a local splash pad
810	Zone 2	Please give directions on how to get to rec areas. I don't know how to get to the bike park. Is it only for kids?
345	Zone 1	Please include more classes at the Rec Center which accommodates working adults (better hours)
294	Zone 2	Please keep and create as much as possible, thank you for this survey and your efforts
874	Zone 4	Please keep Berthoud pedestrian safe and friendly!
724	Zone 2	Please keep the websites up to date. I have discovered unlisted classes by word of mouth alone at the Rec center, and they have been running for weeks when I found out about them.
318	Zone 4	Please more to an integrated pest management system for maintaining park grasses and landscape. The chemical pesticide and fertilizer use is toxic to the entire eco system
733	Zone 1	Please never charge for the bike park, unless its for concessions. We love this town, please keep up the good work. Just need a disc golf course!
169	Zone 4	Please try to retain open space!
104	Zone 4	Preserve and buy open spaces!
361	Zone 4	Preserve open space
278	Zone 1	Preserve the maximum amount of open space for multi-use. Build a large community center for public meetings of all kinds
286	Zone 1	Provide opportunities for the most people first, especially school aged children
627	Zone 4	Rec center feels like it is now over grown.
131	Zone 4	Residents should get a break (like no application fee), TPC got crazy breaks with our tax dollars!!
188	Zone 1	Rooms for craft classes at the Rec Center are nice
281	Zone 4	See Victoria-Vancouver Island, CAN. Be world famous for something
162	Zone 3	Senior center - there are lots of us! Maybe develop a senior center that includes ALL seniors, not just a few who are controlling the agenda
641	Zone 4	Senior Center and activities
841	Zone 4	Should not have built rec center. Small % of population use it, but all pay for it.
473	Zone 4	Should work more with Larimer County to preserve large open space
824	Zone 2	Small children should be allowed in the hot tub at the rec center if accompanied by their parent. We drive to the Chilsen Center in Loveland instead of going to the Berthoud Rec, which is less than 2 miles from our home, because our very small children get cold while swimming and we're not allowed to warm them up in the hot tub at the Berthoud Rec. We would also truly love a place to take our dog for a walk off leash.
102	Zone 2	Smaller classes of rec center classes - need for more space
302	Zone 4	Snow shovel all existing trails please!
61		Spend the money on kid water based stuff and trees and grass. Not on swim team stuff though, they can drive to Loveland.
817	Zone 4	Sports programs need better jerseys, better equipment, more incentives for coaching. Add the ball fields and add an OUTDOOR POOL! That's it. Just maintain parks and outdoor spaces we already have better.
339	Zone 2	Stated previously spaces for seniors to meet and have activities
209	Zone 3	Still don't understand why was so much spent on bike park and why so big
684	Zone 4	Support diversity and inclusion with services and programs.
46	Zone 2	Take care of existing needs before adding new amenity. For example: replacing outdoor pool.
554	Zone 4	Thank you

476		Thank you for all the hard work, retaining, and building upon part of what makes this town great
677	Zone 2	Thank you for asking! I love Berthoud :)
510	Zone 4	Thank you for listening
721	Zone 4	Thank you for the survey!
671	Zone 1	Thank you for trying to improve our community!!
776	Zone 1	Thank you for your hard work on this!
749	Zone 2	thank you for your hard work. the awesome rec center is a big part of why we moved here
6	Zone 1	Thank you!
594	Zone 2	Thanks for all you are doing. Keep those developers accountable for bldg quality not quantity and putting more \$ towards our town for amenities instead of rapid growth.
829	Zone 3	thanks for investing in bike park - very fun for all. Is there a future possibility to install a start hill to the north jumps in order to make the jumps more useful? Its difficult to finish the jump lines due to insufficient speed. Adding a trail to the bike park from the rec center would be my first priority since many of us in town have to drive there when a simple connector trail would reduce car use and dust in existing parking lot.
720	Zone 3	The actual in town people matter too. Not just the new neighborhoods that we voted against....
638	Zone 4	The community was told there would be an outdoor pool built to replace the old town park pool. I would like to see that be approved. Also, the town park ballfields are part of what makes Berthoud what it is. The community uses these fields daily. Please do not remove them. Renovate and possibly reduce to one ball field with a parking lot would keep old towne residents appeased...
269	Zone 4	The demand to support an ice rink is huge! We need better and more bike paths!
158	Zone 4	The indoor pool is too cold to be enjoyable! Continue to build more onto the skate park.
126	Zone 4	The lack of trails and nature area is really disappointing. I love to stay in my town but find myself leaving often due to lack of trails
849	Zone 4	The more park/open space, the better
863	Zone 1	The new Richardson farm area - please let this connect to the north end of the bike park. This would reduce traffic on Meadowlark as well as Berthoud Pkwy as people coming from the north wouldn't have to go all the way around Loveland Reservoir and into town to access the bike park from the south. Also, any additional infrastructure that could be put in place to make it easier to bike from north of town would be appreciated - specifically in the way of getting across 287 at berthoud pkwy; this has felt exceptionally dangerous every time I've tried it so I mostly just drive. I'd also say that some of my responses to the questionnaire are based on the fact that I don't have kids or a dog; however I am extremely in favor of resources existing for kids and dogs so that they don't crap or play with fire in my yard. Other than that, I am extremely grateful for the Town of Berthoud's commitment to offering ample opportunities for recreation. Lots of people come to Colorado - no one comes to Colorado to sit and watch TV. I see many of our state's park resources getting overwhelmed/overcrowded so it is extremely nice to see my town trying to stay ahead of that. The Berthoud Bike Park is one of my favorite places on the planet and I have found myself in far better physical and mental health since it opened. Thank you.
434	Zone 4	The parks maintenance staff is doing a wonderful job maintaining parks
362	Zone 4	The Rec Center is a lifesaver for us, trying to improve mobility and health. Thank you!
622	Zone 3	The rec center is the best thing that has been added to this town ever!
215	Zone 4	The reeds in the open space (wet lands/Hahle area - still drainage issues too) Hillsdale Park have taken over the water. Waterfall cannot even this this year
716	Zone 4	The town is growing so rapidly, we need rec center-type amenities expanded and more indoor courts/outdoor athletic fields to support youth sports expansion
27	Zone 4	the town is small enough to not require duplication of existing/planned amenities. water use and maintenance labor/equipment costs for outdoor parks etc. needs to be a major consideration in any planning process
14	Zone 3	The town lost a lot of credibility with residents with current rec facilities.. a stupidly small pool was a dumb move. The splash pad is too small for the growth already
80	Zone 2	There are many children here, so youth activities are needed. Also, many dogs, so more fun activities for them would be amazing.
45	Zone 2	There should be more communication and dates when construction will begin. Lots of rumors and telephone game from folks on what is coming.
68		They do a great job

173	Zone 4	Think it is all coming together. Plant more trees, future shade
368	Zone 4	Think of the elderly. I have tried for 14 years to get a Senior Center here, all the small towns have them.
686	Zone 2	Think that the Town of Berthoud has done a very good job of the parks and look forward to seeing if this facility comes true.
26	Zone 3	This city is devloping and spending money like there's no tomorrow. STOP IT!
555	Zone 2	THIS PLACE HAS THE BEST PARKS AND RECREATION STAFF AND BUDGET!
834	Zone 1	Time to put a hold on buying toys and entertainment. Reallocate funds to reduce taxes, water, sewer, fire, police and employee costs.
711	Zone 2	Towns need to quit catering to just the few and start looking at the bigger picture before it's too late.
529	Zone 4	Trail connectivity west->east at tracks by 1st St.
164	Zone 4	Trails and sidewalks are not maintained- weeds and planting trees in too small a tree lawn. Let's take care of what we already have before adding more
564	Zone 1	Trails in Zone 1/Heron Lakes have not been developed as was promised to the residents here. Our trails are all concrete sidewalks along the street (these are not trails), along with one short concrete Berthoud trail area along the North side of McNeil Reservoir. This section is a good trail that we don't even consider a sidewalk as it is off the street. We were told the trail was going to go completely around McNeil. There is no grass areas for dog walking here as the ones we have now are not mowed so they are infested with seasonal mosquitos and ticks. The weeded areas that are not mowed are occasionally sprayed with pesticides without flagged warnings so we will not walk dogs/kids in those areas. When open space/trails are sprayed temporary signage should be posted so we know when it is safe to walk there. This applies to anywhere in town. There are no parks for little kids with swings etc. out here. I can't believe the town approved this subdivision without insisting on a park/better trails early on, not 10 years from now. We need a safe bike path from Heron Lakes to downtown Berthoud so we can ride there and feel more like members of the community. Current riding on Berthoud Parkway is way too dangerous and we frequently get flat tires from the debris/weeds. Opening up the back entrance to TPC and improving the dirt road into a trail will improve biking/walking from Heron Lakes to town as we will not have to cross 287. What we have now is an improvement from two years ago but still very primitive. We understand that we are a Metro District out here but we feel like we are totally on our own and cannot integrate into the community. We do pay taxes to the town/county/state here too. I have developed a love of fishing as a kid. I would like to see better areas and access for pond fishing so parents do not need to worry about where their kids go fishing in summer. I understand Berthoud Reservoir is stocked but that is a pretty large lake for good shore fishing
304	Zone 4	Trails, trails, and more trails. Biking on roads is very dangerous!
331	Zone 3	Trees, trees, trees for Waggener Park and parking
351	Zone 1	Underpass! Crossing 287 is dangerous! Taft/287 and 287/Mtn
1	Zone 3	Village communities have long valued the practice of growing shared food, rooted in centuries-old traditions of cooperation and sustainability. Historically, communal gardens and fields were essential for ensuring food security, fostering social cohesion, and promoting equitable resource distribution. These collective efforts not only provided a reliable food source but also strengthened community bonds and supported a shared sense of responsibility and stewardship over the land. Today, the resurgence of community gardens echoes these ancient practices, highlighting their enduring importance in creating resilient, self-sufficient, and united communities.
617	Zone 3	Walking path around Loveland Reservoir. A way for pedestrians to cross 287 (bridge, underpass, etc.)
265	Zone 4	We are too new to Berthoud...give us another year and we'll answer a few of the items!
75	Zone 2	We believe the outdoor pool should be multi-use for recreation and competition
174	Zone 4	We love our town! So many great things happening. The Rec Center and new pickleball courts are fantastic!
23	Zone 2	We love the community events such as Oktoberfest and Berthoud Day. Would love to see more community gatherings, parades, etc.
349	Zone 3	We love the pool!
842	Zone 4	We need a bigger pool for swim teams with diving boards and blocks.You removed our pool where the kids could spend the summer. Not all kids like the tiny pool at the REC center
468	Zone 2	We need a bike lane on Berthoud Parkway from County Road 10 South. It is too dangerous right now!
425	Zone 2	We need a larger swimming pool

58	Zone 3	We need a SAFE way to get across Hwy 287 and CR 8 !
570	Zone 4	We need more connected trail systems
273	Zone 2	We need more done to town than park and recreation. I bet 2% use these, but 100% use parks.
262	Zone 2	We need more dudes around Main Street with cockatoos on their shoulders :)
718	Zone 4	we need more trails
328	Zone 2	We need multi use trails NOW - not in 5-10 years. If new development is allowed, these areas should be required to connect new people with the TOWN
62	Zone 3	We need to include the west side of 287 by completing a safe trail to get to town and we need more swim options. The one now is great but way too small!
32	Zone 3	We need to stop letting developers tout the regional trail system when it doesnt connect. And we need a connection as was promised over the 287 bypass that is NOT the 10E bridge
316	Zone 1	We need to work on creating a solid bike trail/path system
681	Zone 1	We need trees at the new parks. Fast growing shade trees. At the new park the reservoir we need shade on the bank for fishing. A covered deck along the bank perhaps. A jogging trail around the lake and shaded picnic areas
467	Zone 4	We question the need for a second pool when Rec Center already has
367	Zone 4	We seem to be investing/spending wisely. I would support increased taxation to expand our parks and rec programs
359	Zone 2	We think Berthoud does a great job in the community!
427	Zone 3	We understand the need to provide to young people, however there is a feeling with the 60 plus group that we are forgotten in these decisions
291	Zone 4	We would like to have a senior building or part of one
512	Zone 2	We would love a sidewalk to get to Waggener Farm Park, from Zone 2 on Berthoud Pkwy to Loveland Reservoir!
903	Zone 2	We would love to have trails connecting all the way from Berthoud rec center to Berthoud reservoir. I LOVE A THE IDEA OF AN OUTDOOR POOL!! Yay!!!! Thank you for all you guys do!!
675	Zone 1	We've seen GREAT improvements on 35 years!
404	Zone 1	What is going on with the bike tunnel proposed under 56 and 287?! Saw plans but nothing has been talked about
869	Zone 4	When I purchased 30 years ago, I was told that a Recreation Center was going to be near Berthoud High and I was also told a larger market where there are homes off 287 and 56! You need to live in Heritage to use a pool!!!
573	Zone 2	When you increase high density low income housing you create an area of depressed economic development. Those areas typically have higher crime rates, lower tax potential and higher basic need requirements which in turn burden local social service programs, fire and police resources. Simply look at the outcomes of other cities that historically decided to increase low income housing density. They now have huge pockets of poverty and crime in those and surrounding areas. Make no mistake whether you agree or disagree with the observation it will happen.
321	Zone 2	Who could have guessed how popular the rec center would be?
241	Zone 4	Why is there no update on Berthoud Town Park? When will we get to use it again?
81	Zone 4	With the family growth that is happening, I feel a water splash pad, like Loveland Fairgrounds, would be an amazing investment
479	Zone 2	Work towards making Loveland Reservoir public, open to fish/kayak
399	Zone 4	Would love more pathways/trails in and around Berthoud. One that would connect the town of Berthoud with neighborhoods out by I-35
670	Zone 4	Would love to have access to a sauna, a cold plunge, & recreation center open before 11 on Sunday's
422	Zone 1	You do important work that makes Berthoud a lovely community to live in
556	Zone 2	You guys are doing an amazing job! Berthoud is an ideal town for families!
435	Zone 3	You have older people living here in Berthoud. What are you doing for the seniors?

Q24: Please indicate the gender with which you identify:

Respondent ID	s_area	Response
770	Zone 4	female
